

MORE THAN A RETAILER

a Reinvestment Engine for Pennsylvania

In fiscal year 2024-25, almost
\$876 MILLION
 was returned to state and local
 governments and other beneficiaries.

Sales totaling more than
\$3 BILLION

Over more than nine decades, the PLCB has evolved from a system built to restrain into one designed to connect, now standing at the intersection of commerce, community and public good. Through every retail store, wholesale relationship, license granted and educational initiative, we ensure the benefits of the beverage alcohol industry flow back to the people and places that make our Commonwealth strong.
