FY 2026-27 Intermediate Punishment Treatment Program Initiative

Submission Requirements for Applications:

- **Scoring** – All applications received will be evaluated on the basis of the applicant's adherence to the funding announcement guidelines and timely submission in the PCCD Egrants system.
- **Due Date** – Applications must be submitted electronically through PCCD's Egrants system no later than 11:59 PM on **Thursday, September 3, 2026**.
- **Technical Assistance** – Grant application and administrative guides can be accessed on [PCCD's website](#). Applicants are strongly encouraged to review the application and administrative guides before calling the Egrants Help Desk for assistance. The Egrants Help Desk is available to assist with technical or system questions Monday through Friday, 8:00 AM to 4:00 PM, and may be reached by calling (717) 787-5887 or (800) 692-7292, or by emailing RA-eGrantsSupport@pa.gov.
- **Egrants Submission** – An application submitted in Egrants by the deadline is not considered complete until the application has been electronically signed in Egrants, and PCCD has received any required documents. Action will be taken on these applications at the September 9, 2026 Commission meeting.
- **Corrections** – If PCCD returns an application for corrections, the final application (including all corrections and required documents) must be returned to and approved by PCCD for the requested funding to be awarded.
- **Non-supplantation** – Funding must not be used to supplant/replace state, federal, or local funds that would otherwise be available to provide for program-related services. PCCD funding is to be used in addition to other funds that are made available for services.

PENNSYLVANIA COMMISSION ON CRIME AND DELINQUENCY
Office of Justice Programs

1. Overview:

The Pennsylvania Commission on Crime and Delinquency (PCCD) is now accepting applications for funding under the FY 2026-27 Intermediate Punishment Treatment Program initiative. The primary purpose of this grant program is to support restrictive conditions imposed as part of county probation. Act 115 of 2019 replaced County Intermediate Punishment (CIP) as a sentencing option with an Order of Probation, for which restrictive conditions may be imposed. CIP programs are restrictive conditions of probation imposed under section 9763 (c) or (d) (relating to adoption of guidelines for restrictive conditions).¹

Under this Act, the court may order probation and specify the length of supervision, up to the maximum sentence, but in imposing probation, the court must consider the Pennsylvania Commission on Sentencing's (PCS) guidelines for probation and restrictive conditions of supervision and to specify at the time of sentencing the conditions of probation and restrictive conditions.

Probation conditions for individuals with a DUI conviction require individuals to undergo a drug and alcohol assessment prior to having probation imposed. If the individual is found to be in need of additional treatment, the individual can only be sentenced to probation if it includes treatment as well as restrictive conditions, including inpatient treatment and significant restrictions on the individual's movement, electronic monitoring and home confinement, partial confinement in a program such as work release, or any combination of these programs. For individuals in need of additional treatment, current law requires the imposition of a minimum and maximum sentence and that sentence may be served in county jail.

The goal of the FY 2026-27 Intermediate Punishment Treatment Program remains to divert individuals from county jail or state prison and provide the necessary treatment for individuals with substance use or mental health disorders, thereby reducing recidivism and increasing public safety.

2. Funding Availability:

PCCD is announcing a total of \$17,726,000 in state Intermediate Punishment Treatment Program funds and expects to fund up to 67 county adult probation and parole departments through this initiative.

Appendix A shows the maximum total state funds allowable for each county and the maximum supervision and non-treatment services applicants are permitted to include on budget requests.

Counties are required to have any clients that are eligible for Medical Assistance (MA) apply for benefits from the Pennsylvania Department of Human Services (DHS) county offices. Leveraging MA as the first source of funding will allow counties to increase the number of clients served and/or increase the scope of treatment-related services not covered by MA.

¹ Chapter 451 of the PA Code and the related funding initiative retain the name *Intermediate Punishment Treatment Program*. Counties may similarly title programs funded through the Intermediate Punishment Treatment Program funding initiative.

3. Project Dates:

Applications approved at the September 9, 2026, Commission meeting will be 12-month projects and have a retroactive start date of July 1, 2026, and an end date of June 30, 2027.

4. Eligible Applicants:

Only Pennsylvania counties are eligible to apply under this initiative.

To remain eligible for Intermediate Punishment Treatment Program funding, a county shall comply with Pennsylvania Commission on Sentencing (PCS) standards and regulations and participate in an evaluation to determine program effectiveness. The form of the evaluation shall be determined by PCS and shall include certification by PCS under section 2154.1(b) (relating to adoption of guidelines for restrictive conditions).

Applicants must be in good standing with PCCD to be eligible for these funds.² Applicants are not required to have a prior funding history with PCCD to be eligible.

5. Eligible Program Activities and Expenses:

Funds for the proposed program must be used to support restrictive conditions that are imposed as part of a county probation sentence and may be used for needed drug and alcohol-related services, and mental health treatment and supportive services for eligible individuals under PCS guidelines.³

Funds may support, but are not limited to, activities such as the following:

- Drug and alcohol assessment and placement services,
- Drug and alcohol treatment services and related activity,
- Drug and alcohol testing supplies and services,
- Mental health treatment and supportive services,
- Peer support services,
- Case management, and
- Criminal justice supervision and related services for eligible individuals under PCS guidelines.

Refer to *Appendix E* for examples of eligible treatment-related expenses. The list is not all inclusive but does provide insight into what counties have previously requested and received funding for through this funding initiative.

All costs must be integral to the proposed program and consistent with the goal of this initiative. Because the primary purpose of Intermediate Punishment Treatment Program funding is to support drug and alcohol and mental health treatment services, application budgets cannot exceed the amount specified for non-treatment activities found in Appendix A. Non-treatment expenses must relate directly to the administration and implementation of departments' Intermediate Punishment Treatment Program Plans.

² This may include, but is not limited to, compliance with PCCD program and fiscal reporting requirements, State and Federal funding guidelines, and acceptable risk rating as determined by PCCD.

³ Applicants may wish to refer to [37 Pa. Code Chapter 451. Intermediate Punishment Programs](#) when developing plans for implementation. PCCD recognizes that some references in this regulation require update; however, the fundamental guidance provided remains consistent with the agency's funding initiative.

Budgets may include registration, lodging, and mileage reimbursement for treatment court team members to attend the state treatment court conference. Subsistence reimbursement affiliated with conference attendance is limited to the meals not included in the conference registration.

Each expense must be described in the Justification box located in the Egrants Budget Detail section. PCCD has approval of all final budgets and may require budget adjustments.

6. Ineligible Project Activity and Expenses:

- a. The purchase of probation and parole supervision or law enforcement equipment not used to support drug and alcohol and mental health treatment services. Ineligible expenses include but are not limited to weapons, ammunition, transport belts, handcuffs or other restraint devices, fingerprint kits, and surveillance equipment.
- b. Personnel not integral to supervision of eligible individuals or the delivery of drug and alcohol and mental health treatment services, case management, or data collection. The exception to this is grant administration.
- c. Food except for pre-approved travel subsistence for department personnel and consultants and light meals/refreshments for program participants.
- d. Luxury items
- e. International Travel
- f. Land acquisition or construction

7. Required Egrants Sections/Documents:

- a. Required Egrants Sections – All sections identified in Egrants are required. Applicants cannot submit their grant application in Egrants until all sections are marked as complete.
- b. Required Signed Documents – A successful application must be accompanied by the following:
 - Criminal Justice Advisory Board (CJAB) Letter of Support
 - IP Plan (See *Appendix B* for additional information)
 - IP Information Sheet
 - IP Authorization Sheet

8. Required Application Sections:

Applicants must submit the requested information for each section specified below within the defined response fields provided in Egrants. Do not duplicate responses in multiple sections. Ensure the text is updated to reflect the current fiscal year and program data.

a. Executive Summary

All applicants should fill out the following script and paste into the executive summary section:

The name of applicant is requesting \$_____ to [provide a **single sentence or two** of what you are seeking to implement with your grant funding].

These funds will be used for the following: [provide bullet points of what funds will be used for].

You will be asked to respond to questions pertaining to the use of artificial intelligence (AI) when creating or editing the application. Responses to these questions are required.⁴

b. Statement of Problem

This section must include a brief description of the problem that the proposed program and services will address. Applicants must include program activities to date. Applicants that previously received Intermediate Punishment Treatment Program awards must include program accomplishments for the previous two calendar years.

c. Project Description

This section must describe the proposed program(s) including, but not limited to, the following:

- Process to identify eligible and appropriate candidates for probation with restrictive conditions.
- Procedures for the conduct of drug and alcohol assessments and clinical evaluations by qualified personnel to determine dependency issues and the recommended modality of treatment for individuals with a DUI conviction prior to the imposition of probation.
- Impact to the county's drug and alcohol treatment systems, and how the proposed program will assist or impact the county's correctional system.
- The availability of enough capacity in residential and non-residential licensed drug and alcohol treatment programs with sufficient experience in treating the justice-involved to ensure immediate access to treatment for those receiving probation with restrictive conditions by the Courts. It is recommended that all treatment agencies used through this initiative have at least three years of experience in providing services to the criminal justice population. (All treatment providers must be licensed by the Pennsylvania Department of Health.)
- If a problem-solving court or a day reporting center is used, explain its operation as it pertains to an individual's restrictive conditions of probation.
- The Pennsylvania Department of Drug and Alcohol Programs requires the use of the ASAM Criteria for adults for the determination of the appropriate level and type of treatment service.
- Evidence of coordination and integration with the Single County Authority (SCA) substance abuse treatment and funding systems.
- A drug/alcohol testing component (i.e., urinalysis) to ensure unannounced random testing of individuals with restrictive conditions of probation.
- In conjunction with the treatment component, a criminal justice component which provides for the supervision and monitoring of all individuals under probation with

⁴ Information submitted in PCCD funding applications may be incorporated into a legally binding grant award contract if approved for funding. Applicants may use AI tools in the development of proposals but must review all submitted content for accuracy. PCCD may require documentation to verify activities, staffing, budgeted costs, and/or partnerships described in the application.

restrictive conditions. Probation with restrictive conditions programs is defined as programs that provide for the strict supervision of an individual. These programs:

- Significantly restrict the individual's movement and monitoring the individual's compliance with the conditions; or
- Involve a combination of programs that meet the standards set forth under the above definitions.

d. **Budget Detail**

This section describes the budget items requested, identifies whether these items are treatment-related "(T)" or non-treatment/supervision "(N)" items or services, and includes justification explaining how each budget item either contributes to the treatment or related criminal justice supervision of individuals eligible to receive services through this funding initiative.

Applicants should refer to *Appendix A* to determine the maximum state funds allowable and the maximum supervision and non-treatment services amounts permitted under this announcement.

Important Change: Applicants should add Single County Authorities (SCAs) and other treatment providers as consultants in the budget. This announcement does not allow for pass-through budgets.

When completing the budget section:

- List each service, activity, or expense as a separate budget line and show how those costs were calculated. Do not enter a flat fee for any expense, including services provided by a consultant.
- Annotate the end of each line item in the budget with a "(T)" for a treatment-related activity/item or "(N)" for non-treatment or supervision related expenses. For example:
 - Personnel: Jane Doe, Drug Testing (T)
 - Supplies: Laptop for Probation Officer (N)
- Provide the position description for any position(s) considered treatment and annotated with a "(T)" on the lines in the Personnel or Employee Benefits sections. Attachments can be added to the *Required Attachments* section of the funding announcement. The County Adult Probation and Parole Analysts are available to discuss with you whether individual coordinators, probation officers, and other positions may be included in the budget as a treatment related expense. The determination is based on the duties of the specific position.
- Applicants may not exceed the treatment and non-treatment allocations listed in Appendix A at any point during the grant period, including in the final fiscal report.
- Applicants may not include zero-dollar line items in their budget as "placeholders" for future use. Any additional services or items to be added to the budget must be requested through a Project Modification Request (PMR).
- Provide a justification describing the relationship between each expenditure and its function as a component of the treatment program or for probation and parole

supervision; and include relevant details such as the number of individuals supported or impacted by the activity.

- Refer to PCCD's [Budget Detail Walkthrough](#) and [Setting up the Agency Budget](#) for additional budget help.

9. Reporting Requirements and Performance Measures:

Under this funding announcement, successful applicants are required to comply with all program and fiscal reporting, data collection, and evaluation requirements as prescribed by PCCD and federal or state guidelines.⁵

PCCD will periodically verify that grantee expenditures align with approved budget categories, are maintained in a separate account ledger, are eligible for reimbursement, and are supported by appropriate documentation. PCCD will likely request supporting documentation such as general ledgers, receipts, mileage logs, gift card logs, and [time and effort reports](#) at least once during the grant period.

Grant award recipients are required to enter participant data into the County Intermediate Punishment Programs (CIPP) Data Collection and Reporting System for individuals who receive support or services funded with the Intermediate Punishment Treatment Program funding. The *CIPP Data Collection and Reporting System* section of the quarterly program report requests the following information for each quarter of the grant period.

- How many people started supervision through one of the programs funded by the Intermediate Punishment Treatment Program during the reporting period?
- How many people successfully completed probation supervision under one of the programs funded by the Intermediate Punishment Treatment Program, and had their cases subsequently closed in the CIP system during the reporting period?

Additionally, the following performance indicator must be reported in Egrants on a quarterly basis.

- Amount of Medical Assistance (MA) funds leveraged during the reporting period.

Please note, the FY 2026-27 Intermediate Punishment Treatment Program funding announcement does not require counties to enter a Medical Assistance funds leveraged target.

10. Competitive Bidding/Sole Source Procurement:

All procurement transactions shall be conducted in a manner that provides open and free competition. Grant recipients must follow the Procurement Standards section in PCCD's [Applicant's Manual](#).

⁵ As a condition of award, applicants are required to comply with all reporting requirements, including submission of participant data into PCCD's County Intermediate Punishment Program (CIPP) Data Collection System and PCS's SGS Web. New counties will be required to undergo training on the PCCD CIPP system.

Procurement Guidelines Effective 10/1/2025		
Procurement Method	Threshold for Goods & Services	State Requirements
Standard Purchasing Practices	Less than \$15,000	No Requirements
Small Purchase Procedures	\$15,001 - \$349,999	Obtain/document price or rate quotations from a reasonable number of qualified sources.
Sealed bids (Formal advertising)	\$350,000 or more	Bids are publicly solicited. COSTARS does not qualify.
		Firm fixed price contract awarded to the responsible bidder lowest in price.

Procurements by noncompetitive proposal are strongly discouraged and must demonstrate an economic benefit or lack of alternate resources to be justified. If a request is made, the prospective applicant must identify the request as a procurement by noncompetitive proposal and provide a substantial justification for the request within their funding request (See PCCD's [Applicant's Manual](#) for Procurement by Noncompetitive Proposal Approval Procedure).

11. Administrative Requirements:

a. Egrants Agency and User Registration:

Prior to submitting a grant application, both the applicant agency and at least two users from the applicant agency must be registered in Egrants. Applicants are strongly advised to allow adequate time to work on application documents in Egrants prior to the submission deadline. Please go to the [Getting Started in Egrants](#) page on PCCD's website for further information.

b. Fiscal Accountability:

See the [Fiscal Accountability](#) page on PCCD's website for further information.

c. Time and Effort Reporting:

See the [Time and Effort Reports](#) page on PCCD's website for further information.

d. Grant Payments:

- Payments will not be released until all applicable special conditions on the grant award have been satisfied.
- All grantees are required, at a minimum, to submit quarterly fiscal reports. PCCD will only make payments to reimburse actual expenditures reported on the fiscal reports. An agency experiencing cash flow problems may submit fiscal reports monthly and PCCD will reimburse reported expenditures. Non-submission or late submission of the required reports will result in payment delays.
- ACH Payments:
 - All payments to grant recipients will be made through ACH.

- Either before or at the time an application is submitted to PCCD, the applicant agency must [register as a Non-Procurement Vendor](#) with the Commonwealth of Pennsylvania.
- e. Federal Transparency Act Certification:
This section is required for both state and federal funding streams. See the [Federal Applicants](#) page on PCCD's website for further information.
- f. Reporting Requirements:
 - Programmatic reports are due quarterly. Counties must remain current with CIPP system data.
 - Fiscal reports are due quarterly.
 - Late submission of programmatic or fiscal reports or CIPP system data entry may delay payments.
 - All program and fiscal reports must be submitted through the Egrants system.
- g. UCR Reporting:
Every criminal justice entity which is required to submit Uniform Crime Report (UCR) data and is participating in this project must submit UCR data to the Pennsylvania State Police. If a required entity is not submitting UCR data, they may be ineligible for funding.

12. PCCD Contact Information and Resources:

Intermediate Punishment Treatment Program Plan

§ 9806. INTERMEDIATE PUNISHMENT PLAN (Outline)

(A) Requirement — The board must develop a plan for the implementation and operation of intermediate punishment programs in the county. The plan shall provide for all of the following:

- (1) An assessment of available countywide correctional services and future needs.
- (2) A review of current sentencing procedures and the impact these procedures have on county correctional resources.
- (3) A review of current alternatives to pretrial detention and the potential these programs have for affecting the jail population.
- (4) A description of the existing resources in the county which can be used as intermediate punishments or services to individuals sentenced to probation with restrictive conditions.
- (5) The formulation of policy statements targeted to the needs identified by the county and the impact these policies will have on the use of confinement and intermediate punishment programs.
- (6) The development of goals and objectives which are aimed at effective utilization of existing and projected correctional resources.
- (7) The development of an evaluation strategy which measures the qualitative and quantitative performances of all programs.
