

**SCHOOL SAFETY AND SECURITY ASSESSMENT
PROVIDER REGISTRATION CRITERIA**

Section [1304-B](#) of the PA Public School Code (under Act 44 of 2018) requires the following:

Section 1304-B. School safety and security assessment providers.

- (a) Duty to provide registration.--No later than October 31, 2018, the committee shall establish criteria for registration of a person with knowledge and experience in matters of school safety and security that qualifies the person to conduct school safety and security assessments based upon the criteria established by the committee beginning October 31, 2018.
- (b) Periodic review of criteria.--The committee shall review the criteria established in subsection (a) at a minimum every three years and may make revisions as needed.
- (c) Registration.--The person shall apply for registration as a provider to the committee in a manner prescribed by the committee.

Please note that nothing precludes a school entity from using the assessment criteria to conduct their own assessments. However, for a school entity to be eligible to use School Safety and Security Grant Program funding to pay for items or activities identified in their assessments (which are not part of Level 1 Baseline Criteria), when the school entity has not yet met all Level 1 Baseline Criteria, the physical security assessment must be conducted by either a member of the PA State Police RVAT Unit or a physical security expert included on this registry. Likewise, the behavioral health assessment must be conducted by a behavioral health expert on this registry.

REGISTRATION CRITERIA:

A. Every individual approved for this registry conducting an assessment for a school entity shall meet the following criteria:

1. Obtain the following background clearances and certifications:
