

PENNSYLVANIA COMMISSION ON CRIME AND DELINQUENCY
SCHOOL SAFETY AND SECURITY COMMITTEE

Targeted School Safety for Nonpublic Schools Grant Program
Project Summary

Funding Announcement: 2025-26 Targeted School Safety for Nonpublic Schools

Eligible Applications: 405

Project Start Date: July 1, 2026

Description and Recommendation:

On January 29, 2026, the School Safety and Security Committee adopted the FY 2025-26 Targeted School Safety for Nonpublic Schools grant funding framework. Solicitations were opened on February 2, 2026, which announced the availability of up to \$20.7 million in grant funding for up to 24-month projects to support Targeted School Safety for Nonpublic Schools competitive grants, with a maximum budget of \$75,000 per applicant. This competitive grant opportunity was open to nonpublic schools to address school violence and school mental health, and municipalities, law enforcement agencies, and approved school security personnel third-party vendors applying to provide school security personnel services within schools as eligible under [Section 1306.1-B](#) of the PA Public School Code.

Eligible applicants for this funding announcement included **nonpublic schools**, which are defined by [Section 923.3-A of the PA Public School Code](#) as “any school, other than a public school within this Commonwealth, wherein a resident of this Commonwealth may legally fulfill the compulsory school attendance requirements of this act¹ and which meets the requirements of Title VI of the Civil Rights Act of 1964 (Public Law 88-352, 78 Stat. 241),” which also include **Approved Private Schools** and **Private Residential Rehabilitative Institutions**, to support activities allowed under [Section 1306-B\(j\) of the PA Public School Code](#) or programs that address school violence by establishing or enhancing school security, including costs associated with the training and compensation of school security personnel. **Municipalities, law enforcement agencies, and approved school security personnel third-party vendors** were also eligible applicants pursuant to Section 1306.1-B and could apply to provide school security personnel services for public school entities and nonpublic schools.

¹ Per [Section 1326 of the PA Public School Code](#), compulsory school age attendance begins no later than age six (6) in the Commonwealth of Pennsylvania. Per [22 Pa. Code § 51.62. Admission of students](#), the minimum entry age for beginning students is grade 1. Since the definition of eligible nonpublic schools requires the legal fulfillment of compulsory school attendance requirements, only those nonpublic schools providing grade 1 and above are eligible to apply. NOTE: Early education centers that support pre-K, kindergarten-only, or K-1 schools are not eligible to apply since they are not covered under Pennsylvania’s compulsory school attendance laws.

Nonpublic school applicants were broken into three review cohorts by region, based on Intermediate Units. The dollar amount allotted to each region was determined by the percentage of demand from each region. Municipality, law enforcement agency, and approved school security personnel third-party vendor applicants were reviewed and scored separately from the nonpublic school applicants. The dollar amount allotted to this group of applicants was similarly determined by the percentage of funding requested.

As of the March 30, 2026 deadline, PCCD received 395 eligible nonpublic school applications and 10 eligible municipality/law enforcement agency/approved third-party vendor applications under the 2025-26 Targeted School Safety for Nonpublic Schools grant funding announcement.

Staff are recommending approval of a total of 353 applications, including 347 nonpublic schools and 6 municipality/law enforcement agency/approved third-party vendors, for a total not to exceed \$19,356,596 in Targeted School Safety for Nonpublic Schools funding, pending resolution of any programmatic or fiscal concerns.

25-26 Targeted School Safety for Nonpublic Schools
