FINGERPRINTING INSTRUCTIONS

All persons are required under Pennsylvania Law: Title 7, Sec. 185.8, to submit fingerprint cards in order to be licensed to participate in Pennsylvania Horse Racing.

We are asking your help so that care is taken to see that the fingers are fully inked, rolled, and no impressions are smudged. This will assist in ensuring prints will not be returned as illegible by the Federal Bureau of Investigation and allow the licensing process to be expedited. Also, please examine personal identification documents and indicate in the space provided below the type of document and document number (i.e driver's license number, etc).
