

Instructions for Renewing your Food Safety License Online

Important – Please Read

1. Carefully follow instructions in the order they are explained.
2. A **business code** is required to renew your license and/or registration online. The business code is printed on the renewal notice that was issued to you via mail/email or you can look up your facility's business code on the [public facility search page](#) to proceed with online renewal.
3. (<https://www.pafoodsafety.pa.gov/Web/Inspection/PublicFacilitySearch.aspx>) If your facility's **physical address** has changed, do **NOT** complete the online renewal process. You must contact the Department for further assistance.
4. If you have any questions regarding the online process, contact the Bureau of Food Safety by phone at 717-787-4315 or email at RA-FoodSafety@pa.gov.

Step 1: Create an account

- A. Go to <https://www.pafoodsafety.pa.gov/Web/Login.aspx> and select **New Account**. Set up a new user account by completing all the required (marked with *) information. After completion, click save and you will automatically be redirected back to the main login page. You will then be able to log in with your new username and password you just created.
- B. If you have already set up an account, log in with your previously created username and password. If you forgot your password, enter your username and click the forgot password button. If you forgot both, contact the Bureau of Food Safety by phone at 717-787-4315.

Step 2: Add licenses to account

- A. If the license already appears as shown below, skip to Step 3. If not, proceed to B.

The screenshot shows the 'Renewal Portal' interface. At the top right, there is a field labeled 'Add existing business: Business Code' with an 'Add' button next to it. Below this is a search bar labeled 'Filter by Business Name' with a 'Show All' button. A blue bar at the bottom of the search results displays 'TEST FACILITY - 123456 - (1)' with a small icon to its right.

- B. Find the **Online Business Code** provided on the renewal notice or look it up on the public facility search page (<https://www.pafoodsafety.pa.gov/Web/Inspection/PublicFacilitySearch.aspx>). Enter the code into the **Add existing business** box located on the top right corner of the screen. Click **Add**.

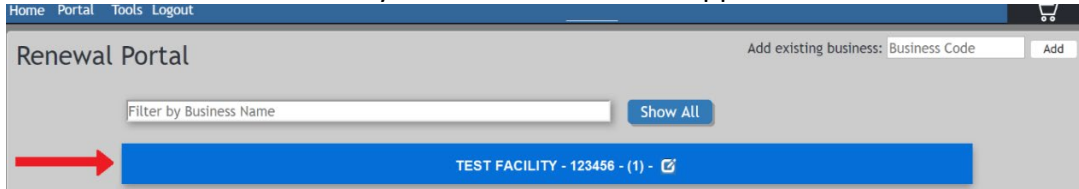

If you have multiple licenses to renew, repeat the process for each license.

This screenshot is similar to the previous one but highlights the 'Add existing business: Business Code' field and the 'Add' button with a red oval. The rest of the interface, including the search bar and the 'Show All' button, is visible in the background.

NOTE: If you receive a red error message stating this business program already exists, you will need to contact the Department.

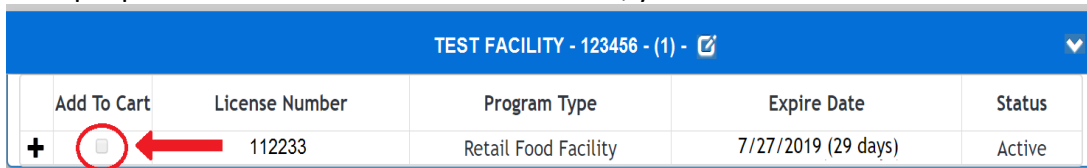

- C. A blue bar with the name of your establishment will appear on the screen.

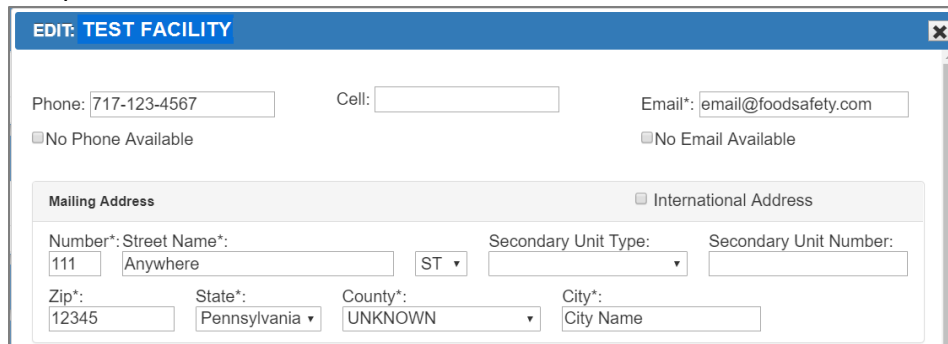

Step 3: Update information

- A. Click on the establishment name in the blue bar. The bar will expand showing the **License Type** for renewal. Click the check box located in the **Add to Cart** column.

If you are renewing a milk permit (i.e. milk plant, raw farm, transfer/wash station, etc.) or have multiple permits under the same business code, you must click on each to add to the cart.

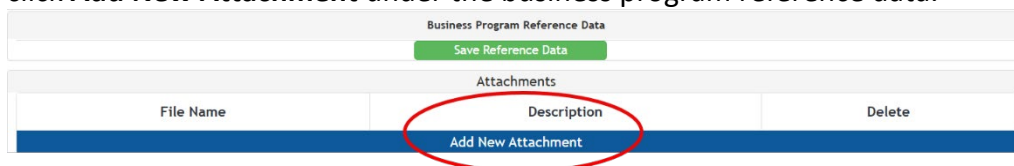

- B. To update the facility's contact information, click the [edit icon] symbol next to the facility name. A separate window will appear on the screen. *If the window does not appear, check the computer's pop-up blocker.* On this screen you can update the facility's information. All boxes with an * **MUST** be completed.

NOTE: If the physical address of the facility has changed, you must contact the Bureau of Food Safety.

- 1. OUT OF STATE MILK PERMITS:** If your facility is 'out of state' (not located in PA), you must include a copy of your most recent facility inspection.
 - To attach a file, first click the (+) sign next to the facility to expand the facility's details. Then click **Add New Attachment** under the business program reference data.

Pennsylvania Department of Agriculture

Rev 4/2025

- b. Locate the file you wish to upload, include an attachment description and click **upload file**.

New Attachment [X]

File Uploader

Choose Attachment:

Choose file Milk Permit ...emplates.docx

Attachment Description: Inspection report

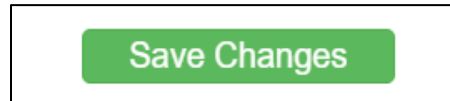

Upload File

- c. Successfully loaded files will display as such.

Attachments		
File Name	Description	Delete
Milk Permit Renewal Templates.docx	Inspection report	X

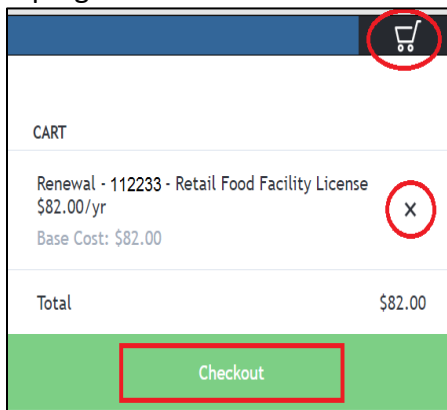

Add New Attachment

- C. After you have updated the information, click the **Save Changes** button at the bottom of the screen.

Step 4: Paying for renewal

- A. To view or delete your renewal from your shopping cart, click on the shopping cart icon located on the top right corner of the screen. Once clicked, the shopping cart will expand showing the contents.

Click **Checkout** if the contents of the shopping cart are correct. **If you believe the total is incorrect, do NOT continue the process and contact the Department by phone at 717-787-4315 or email at RA-FoodSafety@pa.gov.**

- Milk Permit Renewals.** There is **no fee** for renewal of milk permits. Once added to your cart, click the **Renew** button to proceed. If multiple permits need renewed, be sure to add all permits to the cart as indicated under step 3A above to renew at once. Upon clicking the renew button, your cart will empty. To verify the permit has been renewed, toggle back to the main renewal portal to check the expiration date of the permit has been updated to one year later.
