Disaster Recovery Assistance Program for Public Infrastructure

DRAP- PI

A Pennsylvania state reimbursement grant that helps counties and municipal governments repair public infrastructure that was damaged from disaster.

1 First Look

- Administered by PEMA.
- Lead by Counties and Municipalities.
- Supplements local resources after a qualifying disaster.
- Helps restore public infrastructure to pre-disaster condition.

2 Who Can Apply

- County and Municipal governments
- School districts
- Municipal authorities providing flood control, sewer, stormwater, wastewater, or water

3 A Disaster that Qualifies

1 COUNTY

- County declares within 5 days.
- Reported damages are at least double the county per-capita indicator or $5 million (whichever is lower).

2 CONTIGUOUS COUNTIES

- Each county declares within 5 days of event.
- Reported damages for each county reach the per-capita damage indicator or reach $5 million (whichever is lower).

3 OR MORE COUNTIES

- All counties declare within 5 days of event.
- The combined reported damages from the declared counties are collectively $5 million or greater.

LOCALIZED COUNTY EVENT

- County and EACH affected municipality declares within 5 days.
- At least 50% of municipalities report $20 per capita in damages or collectively reach $5 million (whichever is lower).

SNOW

- The general activation rules apply.
- Applicants must meet program eligibility rules.
- County snowfall must be within 10% of or above its record 1, 2, or 3-day snowfall total.
- Local funds must have been budgeted for snow removal.

4 How it Works

Being listed in a DRAP-PI Activation Notice does not guarantee a grant award.

1. Report Damages →

County and municipalities document and submit windshield damages. to PEMA.

2. Activate Program →

If grant program criteria is met, PEMA activates DRAP-PI.

3. Submit Project →

Applicants attend PEMA briefing.

Submit Request for Disaster Assistance with damages and costs.

4. Approve Funding →

PEMA validates damages and eligibility.

Calculates grant allocation based on *eligibility and available funding.*

5. Report & Reimburse

Awardees request reimbursement through quarterly grant progress reports.
