

SR 4013-017 SUPERSTRUCTURE REPLACEMENT

LYKENS BOROUGH, DAUPHIN COUNTY, PA

MPMS: 99980

PROJECT OVERVIEW

- Replacement of an existing bridge superstructure with new spread box beam bridge carrying SR 4013 over Rattling Creek
- Pavement reconstruction at bridge approaches matching existing 12' lanes, 7' shoulder and 5'-11" sidewalk widths
- Bridge to be constructed in 2 stages with half-width construction. One lane of traffic will be maintained utilizing temporary traffic signals.
- Pedestrian access will remain open during construction.
- There may be restrictions to on-street parking during construction.
- The project is located within the Lykens Historic District, which is undetermined with respect to applicability for listing on the National Register of Historic Places.
