

FLASHING YELLOW ARROW PROJECT

DISTRICT 12-0

PROJECT INTRODUCTION

- The purpose of this presentation:
 - Introduce the project
 - Gather feedback
- The project purpose and need:
 - This project is meant to improve safety at four intersections within the District:
 - Route 21 with Mall Run Road in South Union Township, Fayette County
 - Route 21 with Georges Road/Glade Run Road in Cumberland Township, Greene County
 - Morganza Road with McClelland Road in Cecil Township, Washington County
 - Morganza Road with Southpointe Boulevard in Cecil Township, Washington County
 - This will be accomplished by changing the traffic signal heads to flashing yellow arrow (FYA) control. These signal heads enhance safety by showing drivers that they need to use caution when making a left turn during the flashing yellow arrow phase.
- Project location maps can be found on the project website
- Work will be completed using single-lane closures with flaggers
- No detours are anticipated for this project

PROJECT IMPROVEMENTS

Install flashing yellow arrow (FYA)

PROJECT SCHEDULE

- Final Design: Spring 2025
- Construction: Summer 2025-Spring 2026
