To renew your vehicle's registration in conjunction with this application, you must complete and attach your vehicle renewal application or Form MV-140, "Request for Registration," and a check or money order made payable to the Commonwealth of Pennsylvania, for the appropriate registration renewal fee in addition to the registration plate fee.

- To replace a lost, stolen or defaced registration plate that is damaged, but not beyond recognition, complete and submit MV-44, "Application for Duplicate Registration Card or Replacement of Lost, Stolen or Defaced Registration Plate," along with a photograph or tracing of the registration plate for identification purposes. A registration plate is considered to be defaced when the registration plate is damaged by a specific incident such as a traffic accident, cutting, scraping or damaged caused by intense cleaning or harmful chemicals. There is a fee to replace a lost, stolen or defaced standard issue or specialty registration plate. If your defaced registration plate is a personalized registration plate, it will be replaced with the same configuration as before at no cost. Personalized registration plates that are lost or stolen are not able to be replaced with the same configuration. If your personalized registration plate was lost or stolen, we will replace it with the same style of registration plate, however, customers will be required to select a new configuration. The registration plate will be produced with the new configuration if it is available. Please make sure to indicate that you are replacing a defaced personalized registration plate on the front of the MV-44. If an immediate replacement registration plate is needed while waiting for your replacement personalized registration plate, please complete and submit a second Form MV-44, and the replacement registration plate fee. A standard issue registration plate will be issued until the replacement personalized, lost or stolen registration plate can be provided. **NOTE:** The replacement personalized registration plate will take approximately 6-8 weeks to receive in the mail from the time PennDOT receives and processes the application. **NOTE:** The replacement standard issue registration plate will take 7-10 business days to receive in the mail from the time PennDOT receives and processes the application.
- To apply for a **free registration plate**, due to current plate being illegible, the vehicle owner should visit our website at www.pa.gov/dmv and take Form MV-46, "Application to Replace an Illegible Registration Plate," to any official Pennsylvania inspection station for verification that their registration plate is illegible OR have a law enforcement official verify the need for a replacement registration plate on Form MV-46. The vehicle owner is then responsible for signing and returning the completed Form MV-46 to PennDOT in order to receive a replacement registration plate free of charge. Your registration plate will be replaced with the next registration plate in the series and with the same style of registration plate you are replacing. If your registration plate is currently personalized, PennDOT will replace it with the same style and configuration as the registration plate you are replacing. If replacing your personalized registration plate, please attach a photograph or tracing of the registration plate for identification purposes. **If an immediate replacement registration plate is needed while waiting for your illegible personalized registration plate, please complete and submit Form MV-44, "Application for Duplicate Registration Card or Replacement of Lost, Stolen or Defaced Registration Plate," and the replacement registration plate fee. A standard issue registration plate will be issued until the replacement personalized registration plate can be provided. NOTE:** The replacement registration plate will take approximately 6-8 weeks to receive in the mail from the time PennDOT receives and processes the application. NOTE: The replacement registration plate will take approximately 7-10 business days to receive in the mail from the time PennDOT receives and processes the application. Please allow 8-10 weeks for delivery of personalized plates.
- To apply for a never received product, the vehicle owner should visit our website at www.pa.gov/dmv and complete Form MV-50, "Application for Replacement of a Never Received Product." By law, customers are entitled to a free reissuance of a product they never received if an application for a never received product is submitted within 90 days of the original issuance date.
