

SPEED LIMIT STUDY REQUEST

A - LOCATION INFORMATION

COUNTY (Select One)	MUNICIPALITY
ROADWAY ☐ State Route (SR _____) ☐ Roadway (Name: _____)	
FROM SEGMENT/OFFSET (if available)	TO SEGMENT/OFFSET (if available)
DESCRIPTION OF LOCATION (optional map may be attached):	

B – REQUEST DETAILS

1. Existing Speed Limit	_____ MPH	3. Reason for request (select all that apply): ☐ Safety concerns ☐ Crash History ☐ Excessive speeding ☐ Pedestrian/bicyclist activity ☐ Land-use change / new development ☐ Other: _____
2. ☐ Requested Speed Limit – The speed limit being requested for evaluation. ☒ Target Speed – The highest desired operating speed for the roadway segment based on roadway context, surrounding land use, multimodal activity, access density, and safety objectives. (See Exhibit 11-2 in Publication 46, Section 11.3 for typical speed limit ranges by roadway context and functional classification.)	_____ MPH	

SITE DETAILS

Provide any location-specific details or concerns that PennDOT should consider in the study.

MUNICIPAL ACKNOWLEDGEMENT

Per 67 Pa. Code §212.5(b)(1)(v)(B), the municipality acknowledges that:

If the engineering and traffic study results in a posted speed limit of 35 MPH or less, the municipality is responsible for purchasing, installing, and maintaining all required speed limit signs.

☒ Yes, acknowledged ☐ No (request cannot proceed without acknowledgment)

☐ The municipality acknowledges that it has coordinated with the appropriate law enforcement agency regarding this request and is committed to supporting enforcement of the posted speed limit, if changed.
