# 2023 Construction Program

Thank you for your interest in the Pennsylvania Department of Transportation, Engineering District 1 Construction Program for 2023.

Engineering District 1 is responsible for the state-maintained transportation network in the northwest region of Pennsylvania. This network includes nearly 4,000 miles of roadway and more than 2,000 bridges in the six-county area.

This publication is intended to provide a general overview of projects currently under construction and those scheduled to be awarded or begin construction in 2023.

The 2023 Construction Book is divided into seven sections that represent the six counties in District 1, as well as a section for Districtwide projects.

The projects listed include award dates, expected completion dates, project descriptions, project locations, costs, and maintenance of traffic. The listed estimated cost for a project is for the construction phase only of the project.

County maps showing the location of all current and upcoming construction projects are included for reference.

For your reference:

- Bridge Projects are **blue** points or **blue** lines
- Highway Projects are **red** points or **red** lines
- Local Projects are **green** points or **green** lines

Please keep this book on hand throughout the upcoming construction season.

***Note: All information is correct as of the distribution date of this booklet. Listed costs reflect the construction contract amount, unless otherwise noted with (est.). Let dates are subject to change.***

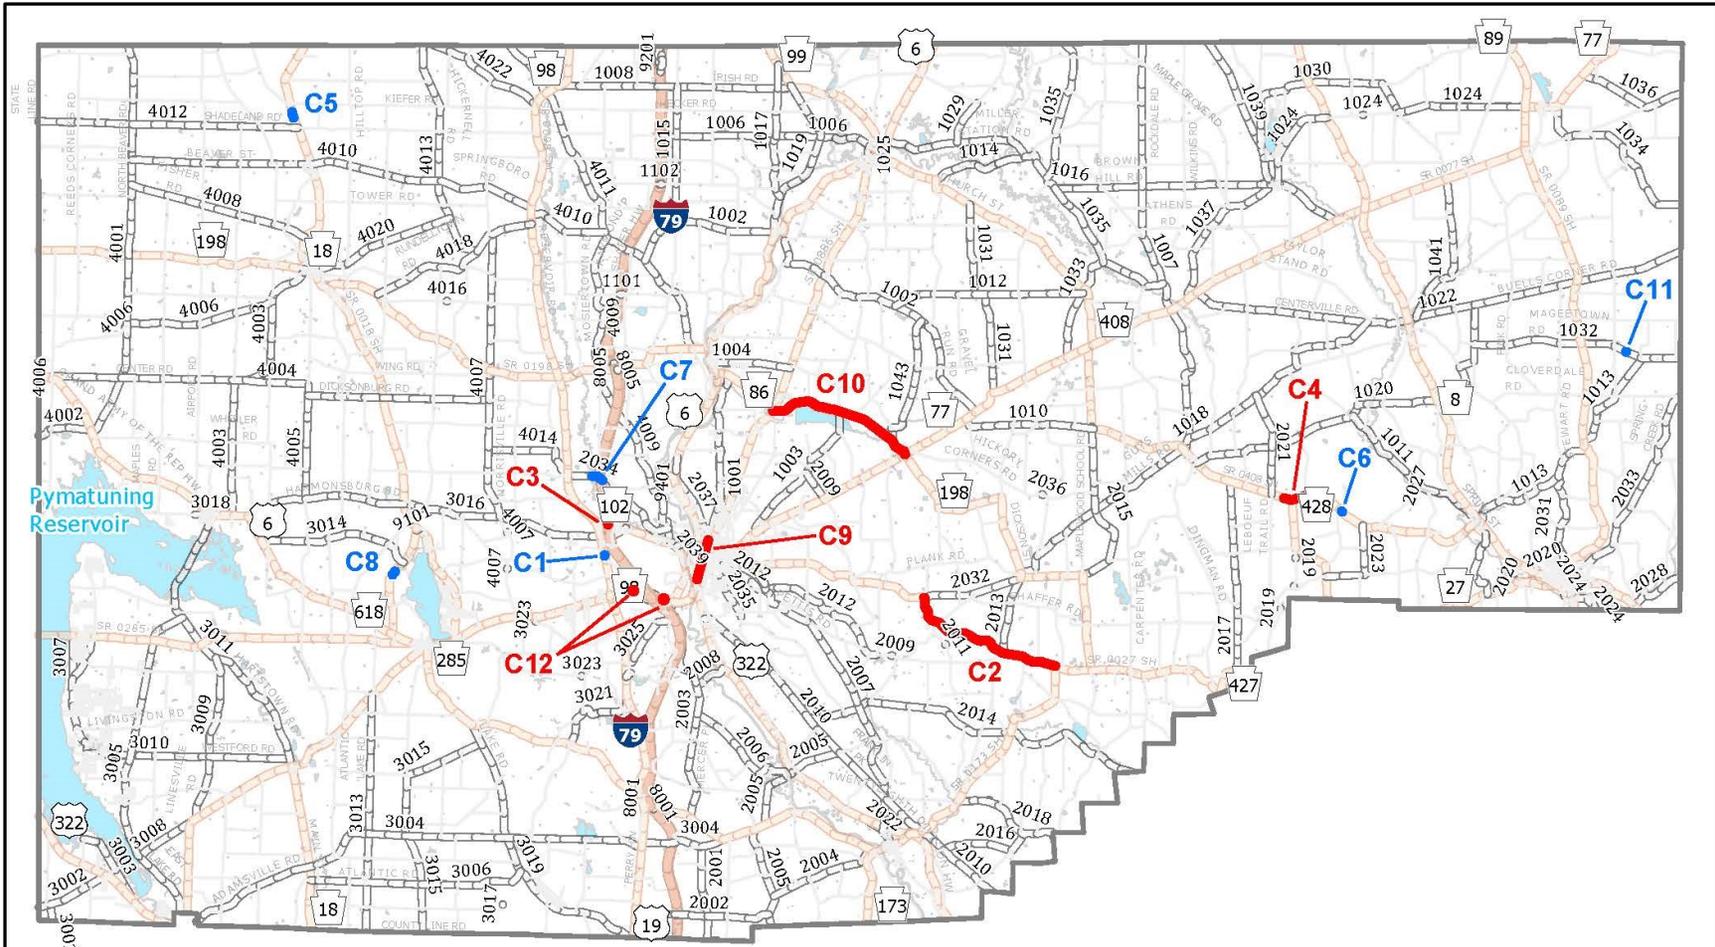

***Date of Publication: April 13, 2023***

<b>Contractor:</b>	Lindy Paving	Joseph McCormick Construction Company, Inc.	Lindy Paving
<b>PennDOT Contact:</b>	John Murcavage	Dani Dylon	Del Mizban
<b>Project Description:</b>	<p>This project includes the reconstruction of interstate highway using Superpave Asphalt mixtures, improvements to drainage, guiderail, cable median barrier, highway lighting, pavement markings, and delineation, as well as bridge rehabilitations and bridge replacements on Interstate 90 in Springfield and Girard Townships.</p>	<p>This is an intersection improvement, congestion reduction, and safety improvements project located on W. Plum and E. Plum Streets (Route 6N) and Erie Street (Route 99N) in Edinboro Borough, Erie County. The scope of work is to improve the corner radii to the northbound lanes on Route 99 shifting the traffic on Route 99 east and removing the northbound right turn lane.</p> <p>The eastbound and westbound turn lanes will be realigned to be across from each other which will increase the width of the through lanes improving travel. To accommodate pedestrians signals and ADA compliant curb ramps will be placed at all crossings.</p>	<p>This multi-year project includes over 10 miles on Interstate 90 from the Interstate 86 interchange at 35MM to the New York state line at 46MM in Harborcreek, Greenfield, and Northeast townships.</p> <p>The project includes repairs to the culvert that carries I-90 over 16 Mile Creek near Exit 41 (Route 89) in North East Township.</p> <p>The project will also include milling, paving, and drainage upgrades.</p>
<b>Maintenance of Traffic:</b>	<p>Shutting down Westbound lanes and diverting traffic to the eastbound lanes with crossovers. East bound and west bound traffic will utilize the new east bound lanes and are divided by concrete barrier.</p> <p>Access will be provided for Route 215 and Route 18. Westbound closed from Route 6 to Route 18.</p> <p>For traffic information check <a href="http://www.511PA.com">www.511PA.com</a>.</p>	<p>A minimum of one lane of traffic will be maintained using flaggers.</p> <p>For traffic information check <a href="http://www.511PA.com">www.511PA.com</a>.</p>	<p>A minimum of one lane of traffic will be maintained using lane closures.</p> <p>No closures anticipated during weekends.</p> <p>For traffic information check <a href="http://www.511PA.com">www.511PA.com</a>.</p>
