Tom Wolf, Governor

Statement from the Chair

I first want to say how pleased and honored I am to have been asked by Governor Wolf to serve as Chair of the PENNVEST Board of Directors. I recognize the importance of this position to the Governor and will be certain to reflect his vision for this agency as we continue to invest in projects to improve the environment, economy and quality of life for all Pennsylvanians.

It was a year of both change and continuity for PENNVEST and its Board of Directors during FY 2014–2015. The agency continued its normal project development and funding activities, just as it has for its many years of operation. At the same time, it also modified and enhanced other aspects of the program, most notably its loan guaranty and commercial paper initiatives, so as to move these improvements forward in a way that will financially benefit both the agency and the communities that it serves. While all of this was happening, the Board of Directors underwent significant change upon the inauguration of Governor Wolf in late January. Since that occurred after the regularly scheduled January meeting, these changes actually took effect at the April 2015 Board of Directors meeting.

The continuity of PENNVEST's project funding activities is demonstrated by the following application approval numbers from the four FY 2014–15 Board of Directors meetings. At those meetings, the PENNVEST Board approved a total of \$331.2 million in new funding for 54 drinking water, wastewater, and non-point source construction projects during FY 2014–2015, of which \$272.1 million were in low

Eric Menzer, Chair

interest loans and \$59.1 million in grants. This brought PENNVEST's total funding since its inception in 1988 to more than \$7.5 billion. In addition to this project funding, PENNVEST also continued its nutrient credit trading program. In the two auctions held in FY 2014–2015, a total of 4,351 nitrogen credits were traded, representing that many pounds of nutrients removed from the Chesapeake Bay watershed.

The projects funded during FY 2014–2015 created important benefits for the Commonwealth and its citizens, both environmentally and economically. For example, 14 projects approved this year brought drinking water systems into compliance with water quality and safety requirements. Thirty wastewater projects served to improve local stream conditions while nine projects eliminated malfunctioning on-lot septic systems that were discharging waste into streams and other publicly accessible areas. As to economic development improvements, 54 projects approved this year led to the creation of more

than 191 full-time jobs and stimulated more than \$13.6 million in private investment all across the Commonwealth.

As noted above, FY 2014–2015 was a year of transition for the PENNVEST Board of Directors. With the election and inauguration of Governor Wolf and the appointment of his cabinet, key positions on the PENNVEST Board changed accordingly. At our April 2015 meeting, we welcomed Secretaries Albright (Budget), Quigley (Environmental Protection), Davin (Community and Economic Development), and Topper (General Services) to the Board. We also welcomed Senator Lisa Boscola, who is representing the Senate Democratic Caucus. With these appointments, Secretary Quigley became Vice-Chair of the Board while Secretary Davin became its Secretary/Treasurer. Secretary Albright served as Chair on an interim basis at that meeting.

Over its 27-year history, PENNVEST has been dedicated to fostering the goal of a cleaner environment while also encouraging the creation of meaningful jobs for thousands of Pennsylvanians. That mission will be continued and enhanced in the coming fiscal year, as well as in future years, as the PENNVEST Board of Directors and its staff strive to fulfill Governor Wolf's vision for the program. This vision is to ensure that PENNVEST does all that it can to foster both financial and environmental improvements in the communities that PENNVEST serves and to Pennsylvania as a whole. The resulting benefits will accrue not only to today's Pennsylvanians, but also to those future generations that will follow.

Fiscal Year 2014–2015 Program Highlights

Programmatic Accomplishments

During FY 2014–2015, PENNVEST continued its clean water project funding as well as its nutrient credit trading program. As to the latter, PENNVEST worked with the Department of Environmental Protection and its credit auction administrator, Markit Inc., to conduct one forward auction and one

spot auction during the fiscal year. The dates and summary results of these auctions were as follows:

FORWARD AUCTION

September 10, 2014

- Nitrogen: 3,456 credits sold for \$2.00 per credit

SPOT AUCTION

November 5, 2014

- Nitrogen: 895 credits sold for \$1.13 per credit

As to PENNVEST's normal project funding activities, for the fiscal year as a whole, taking all funding sources into account, a total of 54 projects were provided with \$331.2 million in financing. Of this total, \$272.1 million was in the form of low interest loans while \$59.1 million was in the form of grants. These projects were as follows:

Board Meeting Date / Project Name	County	Loan	Grant	Project Type

Project type key: S = Sewer
W = Water
NPS = Non-Point Source
D = Design

M = Municipality
MA = Municipal Authority
C = Construction

The following maps show the distribution of the projects approved during FY 2014–2015, as well as all projects approved by the Board since PENNVEST's creation in 1988.

- Water Projects
- Wastewater Projects
- Nonpoint Source Projects
- Stormwater Projects
- Brownfields Projects

The following charts show the distribution of PENNVEST funding by project type, first for FY 2014–2015 only and then for the entire life of the program.

Benefits created by PENNVEST funding

As is always the case, PENNVEST's funding is intended to generate both environmental and economic benefits for the Commonwealth. We use a variety of measures to document the program's contributions to the Commonwealth's wellbeing.

These benefits generated by PENNVEST funding are shown graphically in the following two charts.

Number of Drinking Water Projects with Identified Benefits

Number of Wastewater Projects with Identified Benefits

The following graphs show the demand for funding that the PENNVEST Board faced at each of its funding meetings during FY 2014–2015, relative to the number of projects and amounts of funding that the Board was able to approve at each meeting. As was the case in the prior fiscal year, the interest in water infrastructure funding all across Pennsylvania was much greater than the funding available to PENNVEST to meet that demand.

Applications Received vs. Approved (#)

Applications Received vs. Approved (#)

**Disbursements 2014–2015
(number)**

**Disbursement Amounts 2014–2015
(\$ millions)**

After Board approval, funding recipients enter into formal funding agreements with PENNVEST and commence construction of their approved projects. PENNVEST disburses funds to them monthly as construction occurs. During the past fiscal year, PENNVEST staff processed a total of 1,546 disbursements for \$321.2 million. The monthly distribution of these disbursements, both in numbers and dollar amounts, are as follows:

Finally, the following chart shows the sources of the funding that PENNVEST uses to finance the drinking water, wastewater, storm water, and non-point source projects that it finances every year. This funding includes not only the Commonwealth General Obligation bond proceeds approved by a number of referenda, the most recent being in 2013, but also the normal capitalization grants proceeds that PENNVEST received from the U.S. Environmental Protection Agency. Last fiscal year, the amounts received were \$55.5 million for wastewater projects and \$22.8 million for drinking water projects. The chart displays the sources of PENNVEST's funding since the program's inception in 1988.

Administrative Improvements

As has been the case for several years, continued its commitment to use technology for more efficient and less costly operations during FY 2014–2015. Our efforts continue to be placed on the implementation of new technology and methods that increase cyber-security, improve accessibility, and reduce IT ownership costs. We continue to coordinate with the IT structures and innovations implemented in other agencies throughout the Commonwealth to ensure that we all work together to maximize our effectiveness and minimize costs for our various constituencies.

Staff Professional Activities

AWARDS AND RECOGNITION

PENNVEST staff often receive professional recognition and awards during the course of each year. Of note during FY 2014–2015 is the following for PENNVEST's Information Technology staff:

- Outstanding Leadership & Innovation Award given by Government Technology Publications and the Commonwealth of PA Office of Administration—December 2014

MEMBERSHIPS AND LEADERSHIP POSITIONS

PENNVEST staff members were involved in a number of important programs and initiatives during FY 2014–15. Among the activities and organizations with which we were involved were:

- Chair of the Office of General Counsel Finance and Bankruptcy Practice Group
- Associate Board Member—Pennsylvania State Employee Credit Union
- National Association of Bond Lawyers
- Chesapeake Bay Program Trading and Offsets Workgroup
- Office of General Counsel, Transactions Practice Group
- Office of General Counsel, Technology Practice Group
- Office of General Counsel, Records Access Management Committee
- Three Rivers Wet Weather Finance Committee
- University of Pittsburgh Regional Water Management Task Force
- Westmoreland County Smart Growth Task Force
- DEP's Technical Assistance Committee
- Appalachian Regional Commission Project Review Committee
- Society of Women Environmental Professionals
- Women in the Environment
- Council of Infrastructure Finance Authorities Legislative Committee and Communications Committee
- Penn's Corner Alternative Wastewater Committee
- Schuylkill Action Network
- American Society of Civil Engineers
- Water Environment Association
- U.S. Army Corps of Engineers' Ohio River Basin Group Enterprise and Infrastructure Committee
- Leadership Development Institute Alumni Association
- PA Recovery Resource Team: Infrastructure Recovery Workgroup Lead

- Westmoreland County Conservation District Storm Water Management Advisory Committee
- Government Finance Officers Association
- American Water Resources Association
- President–Water Coalition of the Lehigh Valley
- Master Watershed Steward Program–leader
- Environmental Advisory Councils
- Perkiomen Watershed Conservancy
- Pennsylvania Environmental Council
- Pennsylvania Organization for Watersheds and Rivers

Report on the Financial Statements

We have audited the accompanying financial statements of the PENNSYLVANIA INFRASTRUCTURE INVESTMENT AUTHORITY ("PENNVEST"), a component unit of the Commonwealth of Pennsylvania, as of and for the years ended June 30, 2015 and 2014, and the related notes to the financial statements, which collectively comprise PENNVEST's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of PENNVEST, as of June 30, 2015 and 2014, and the changes in financial position and cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Adoption of Governmental Accounting Standards Board Principles

As discussed in Note 1 to the financial statements, during the fiscal year ending June 30, 2015, PENNVEST adopted the provisions of Governmental Accounting Standards Board's Statement No. 68, "Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27", Statement No. 69, "Government Combinations and Disposals of Government Operations", and Statement No. 71, "Pension Transition for Contributions Made Subsequent to the Measurement Date—an amendment of GASB Statement No. 68". Our opinion is not modified with respect to these matters.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, the schedule of PENNVEST's Proportionate share of the Net Pension Liability, the schedule of PENNVEST Contributions on pages 4 through 9 and pages 29 through 30 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise PENNVEST's basic financial statements. The Other Supplemental Information on pages 31 through 38 is presented for purposes of additional analysis and is not a required part of the basic financial statements.

Zelenkofske Axelrod LLC

Board of Directors
Pennsylvania Infrastructure Investment Authority

The Other Supplemental Information on pages 31 through 37 is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Other Supplementary Information on pages 31 through 37 is fairly stated in all material respects in relation to the basic financial statements as a whole.

The Schedules of Delinquent Loans on page 38 has not been subject to auditing procedures applied in the audit of the financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 27, 2015, on our consideration of PENNVEST's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering PENNVEST's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of Pennsylvania Infrastructure Investment Authority's (PENNVEST) annual financial report presents the Management's Discussion and Analysis (MD&A) of PENNVEST's financial performance during the fiscal year that ended June 30, 2015. It is intended to be read in conjunction with the PENNVEST financial statements and accompanying notes, which follow this section.

For comparative purposes, certain prior year amounts have been reclassified to conform to the current year presentation.

FINANCIAL HIGHLIGHTS

PENNVEST continued to make use of commercial paper to fund participant loans. The use of commercial paper is much like the use General Obligation bonds. As of June 30, 2015 \$74.0 million of commercial paper was outstanding.

Total Net Position increased by \$114.3 million and Total Assets increased by \$196.6 million this year. The Current Portion of Liabilities was impacted by an increase in short-term obligation of \$23.0 million.

In June 2015, PENNVEST issued Revenue Bonds Series 2015, in the amount of \$65.0 million. The bonds were issued at a premium of \$8.3 million. The proceeds of the bonds together with other available funds will be used to pay off the outstanding commercial paper.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of three parts; Management's Discussion and Analysis, financial statements, and other supplemental information. The financial statements also include notes that explain in more detail some of the information in the financial statements. The MD&A serves as an introduction to the basic financial statements and other supplementary information and presents management's examination and analysis of PENNVEST's financial condition and performance.

REQUIRED FINANCIAL STATEMENTS

The financial statements of PENNVEST report information about PENNVEST using accounting methods similar to those used by private sector companies. These statements offer short-term and long-term financial information about its activities.

The Statements of Net Position includes all of PENNVEST's assets, deferred outflows, and liabilities and provides information about investments, revenue bonds, and federal government payments. All of the current year's revenues are accounted for in the Statements of Revenues, Expenses and Changes in Net Position. These statements measure the fiscal conditions of PENNVEST operations over the past year and can be used to determine whether PENNVEST has remained creditworthy and in a positive financial order. The final required financial statements are the Statements of Cash Flows. The primary purpose of these statements is to provide information about PENNVEST's cash receipts and cash payments, net changes in cash resulting from operations, investing, and financing activities and provides answers to such questions as, where did the cash come from, what was the cash used for, and what was the change in cash balance during the report period.

FINANCIAL ANALYSIS

The issued report provides comparative statements for a two year period. This presentation enables a reader to determine by category the basic analysis of a year's activity. The Statements of Net Position, and the Statements of Revenues, Expenses, and Changes in Net Position report information about PENNVEST and provide an excellent examination of financial performance. These two statements report the net position of PENNVEST over the course of two years. Over time, increases or decreases in PENNVEST's net position is one gauge of whether its financial health is improving or deteriorating. This alone will not provide the total picture of financial health but it is a good indicator. Additional information such as the status of assets and liabilities and the reduction in long-term debt will provide a larger picture of the status of fiscal health. The following table summarizes the net position for fiscal years ending June 30, 2015, 2014, and 2013.

Table 1 (Thousands)
ASSETS

	<u>2015</u>	<u>2014</u>	<u>2013</u>
Current Assets	\$ 1,404,946	\$ 1,286,480	\$ 1,291,948
Non-current Assets	2,371,359	2,293,227	2,135,298
Total Assets	\$ 3,776,305	\$ 3,579,707	\$ 3,427,246
Deferred Outflows	631	-	-
Total Assets and Deferred Outflows	\$ 3,776,936	\$ 3,579,707	\$ 3,427,246
Current Portion of Liabilities	\$ 108,515	\$ 90,519	\$ 39,439
Non-current Liabilities	267,114	202,159	215,472
Total Liabilities	\$ 375,629	\$ 292,678	\$ 254,911
Total Net Position	\$ 3,401,307	\$ 3,287,029	\$ 3,172,335

The above table provides several financial indicators that depict the fiscal health of PENNVEST. First, total net position increased in 2015 by 3.5%. The Federal Clean Water State Revolving Fund has a significant impact on the total net position line, as it represents 57.3% of the total net position. This reflects the strength of the Federal Clean Water program in total net position.

Current assets increased in 2015 by \$118.5 million. The increase in current assets was the result of increases in cash and cash equivalents (\$78.9 million) and investments (\$77.2 million), offset by decreases in investment – securities lending collateral (\$6.1 million), loans receivable (\$12.4 million), due from the Commonwealth (\$18.0 million) and due from federal government (\$1.1 million). The increase in cash and cash equivalents and investments can primarily be attributed to the proceeds received from the issuance of the Series 2015A Revenue Bonds, interest earnings on investments, and interest received on outstanding loans.

Non-Current Assets increased in 2015 by 3.4% or by \$78.1 million. Non-Current Assets increased in 2014 by 7.4% or by \$157.9 million. PENNVEST is a Revolving Loan Program. In a Revolving Loan Program, principal and interest payments received from borrowers are recycled back into the Program and are available for future loan disbursements. The ability to encumber against future year revenues is critical for a revolving program. Non-current Loans Receivable, gross, are those future loans that are due in more than one year. The Non-Current Asset total is reduced by the Allowance for loan losses which is \$53.5 million for the year ended June 30, 2015.

Loan loss allowance is an estimate of the amount of Loans Receivable that will not be collected and is not realized in operations.

Total Liabilities increased in 2015 by 28.3% or by \$83.0 million. The increase in Liabilities is impacted by an increase of \$23.0 million in short-term liabilities, as PENNVEST had increased outstanding Commercial Paper at June 30, 2015 as compared to June 30, 2014. Also, PENNVEST issued debt in the current year increasing non-current bonds payable by \$71.5 million.

Total Liabilities increased in 2014 by 14.8% or by \$37.8 million. The increase in liabilities was impacted by an increase of \$41.0 million in short-term liabilities, as PENNVEST had increased outstanding Commercial Paper at June 30, 2014 as compared to June 30, 2013.

The Securities lending obligation, as described in footnote 2, accounts for 15.4% of Total Current Portion of Liabilities in 2015. Excluding the securities lending obligation, total current portion of liabilities increased 35.6% in 2015, as a result of the additional Commercial Paper outstanding at the end of 2015. With the exclusion of securities lending obligation, Total Liabilities increased by 33.0% or by \$89.1 million in 2015.

The PENNVEST Program financial picture reflects continued growth in 2015. The total net position growth of 3.5% or \$114.3 million is bolstered by the Clean Water State Revolving Fund net position of \$1.9 billion which represents 57.3% of Total Net Position of \$3.4 billion. Supported by the Clean Water State Revolving Fund federal program, the PENNVEST Program continues to show sustained growth.

OPERATING REVENUES AND EXPENSES

The Program has not received Commonwealth appropriations for operations since 1996. The cost of the Program has been funded from investment earnings, the repayment of loans, and allowable federal administrative expenses.

**Table 2 (Thousands)
Operating Revenue and Expenses**

	<u>2015</u>	<u>2014</u>	<u>2013</u>
Operating Revenues			
Interest on Loan Receivables	\$ 35,293	\$ 35,854	\$ 34,991
ARRA Federal Grants	-	234	2,257
Other Federal and State	<u>44,360</u>	<u>45,072</u>	<u>18,457</u>
Total Operating Revenues	\$ 79,653	\$ 81,160	\$ 55,705
Operating Expenses			
Administration	\$ 13,043	\$ 16,862	\$ 13,680
Interest and amortization expense	2,062	2,175	1,754
ARRA "Principal Forgiveness" to program participants	-	234	2,257
Grants/"principal forgiveness" to program participants	<u>47,246</u>	<u>68,253</u>	<u>66,636</u>
Total Operating Expenses	\$ 62,351	\$ 87,524	\$ 84,327
Provision for Loan Losses	4,319	12,948	(10,290)
Nonoperating Revenues	27,976	64,433	40,077
Nonoperating Expenses	1,202	-	-
Capital Contributions	<u>78,771</u>	<u>69,573</u>	<u>228,969</u>
Increase in Net Position	<u>\$ 118,528</u>	<u>\$ 114,694</u>	<u>\$ 250,714</u>

The operating portion of the American Reinvestment Recover Act (ARRA) funding was reduced to zero as a result of the ARRA funding's final year in 2014. The Operating Revenues, before Provision for Loan Losses of \$79.7 million in 2015 were driven by the Other Federal and State operating Grants of \$44.4 million, and interest repayments on loans of \$35.3 million.

The Total Operating Expenses decreased by 28.8%, or \$25.2 million in 2015, due to a dramatic drop in the grants to program participants. This decrease was because of PENNVEST having more funds available in 2014 from the Environmental Stewardship fund and the Marcellus Legacy fund to fund grants to program participants. PENNVEST grant funding enables economic challenged borrowers to fund projects that otherwise would not be obtainable.

Table 3 (Thousands)
Loan Loss Allowance

Loan Loss Allowance	<u>2015</u>	<u>2014</u>	<u>2013</u>
CWSRF	\$ 34,835	\$ 30,792	\$ 21,183
DWSRF	4,727	4,537	4,096
State and Revenue Bonds	<u>13,926</u>	<u>13,854</u>	<u>10,956</u>
Total Program	<u>\$ 53,488</u>	<u>\$ 49,183</u>	<u>\$ 36,235</u>

Table 3 examines the loan loss allowance for each of the loan portfolios of PENNVEST. The largest change from 2014 was noted in the Clean Water State Revolving Fund loan program of \$4.0 million. The CWSRF loan loss allowance is 65.1% of the total current year Provision for loan losses. The loan loss is an allowance in the balance sheet, which reflects the amount, which in management's judgment establishes an adequate allowance to report possible losses on loans.

Table 4 (Thousands)
Loan Portfolio by Risk Code

<u>Risk Codes</u>	<u>2015</u>	<u>2014</u>	<u>2013</u>
Speculative	\$ 824,260	\$ 759,882	\$ 471,673
Concern High Rate Impact	116,724	99,366	57,491
Concern Service User	14,223	18,212	9,591
Non-Speculative	<u>1,615,645</u>	<u>1,623,367</u>	<u>1,857,025</u>
Total Loan Portfolio	<u>\$ 2,570,852</u>	<u>\$ 2,500,827</u>	<u>\$ 2,395,780</u>

Table 4 depicts the PENNVEST loan portfolios, excluding On-Lot Loans, by risk code classification which is one of the calculations for the loan loss allowance. The largest dollar change in 2015 occurred in the Speculative project rating. This risk code represented \$824.3 million or 32.1% of the 2015 total. The largest percent change in 2015 was in the Concern Service User of 21.9%. This code represents the concern of service user rates of the borrower of PENNVEST funds. The rating of Non-Speculative reflects that the projects receiving this rating are not suspect financially to be able to repay their PENNVEST loan. Overall the risk assessment of the loan portfolio remains good as the Non-Speculative rating represents 62.8% of the total.

REVENUES

As PENNVEST is a Revolving Loan Program, it is essential that loan repayments be made in a timely manner. Over 99.9% of all loans in every PENNVEST portfolio are submitting repayments electronically with the electronic fund transfer program offered under the Automatic Clearing House (ACH) system; however, funds have to be available for payment in the borrowers' accounts. By all accounts, the PENNVEST ACH system is working and funds are available for repayment. Table 5 illustrates the loan receipts by the different loan portfolios of PENNVEST.

Table 5 (Thousands)
Loan Receipts from Customers

<u>Loan receipts</u>	<u>2015</u>	<u>2014</u>	<u>2013</u>
CWSRF Federal Loans	117,986	104,524	137,373
DWSRF Federal Loans	42,927	43,743	38,605
State and Revenue Bond Loans	59,811	64,795	76,521
Totals	\$ 220,724	\$ 213,062	\$ 252,499

As can be observed from Table 5, loan receipts vary for each of the PENNVEST portfolios. These receipts are categorized as deposits that do not include any transfers. The CWSRF Federal Clean Water Program had the largest dollar collection this year of \$118.0 million or 53.5% of the total collected. The CWSRF is a major portfolio in the PENNVEST program. The DWSRF Program had a slight decline in loan receipts, with 2015 receipts totaling \$42.9 million or 19.4% of the total loan receipts. Total loan receipts increased by \$7.7 million in 2015.

Table 6 (Thousands)
Loan Disbursements to Customers

<u>Loan disbursements</u>	<u>2015</u>	<u>2014</u>	<u>2013</u>
CWSRF Federal Loans	157,386	145,645	123,760
DWSRF Federal Loans	53,402	61,513	50,461
State and Revenue Bond Loans	44,671	74,301	53,623
All Portfolios Disbursements	\$ 255,459	\$ 281,459	\$ 227,844

Table 6 is an illustration of the PENNVEST disbursements to customers. The total disbursement of \$255.5 million reflects a decrease of \$26.0 million from 2014 year or a decrease of 9.2%. The State and Revenue Bond disbursements decreased from 2014 by \$29.6 million or 39.9%. The CWSRF Federal Disbursement reflects an increase from 2014 of 8.1% and represents 61.6% of total disbursements. The Drinking Water Disbursements decreased from 2014 by 13.2% and is 20.9% of the total disbursements.

LONG-TERM DEBT ADMINISTRATION

At June 30, 2015, PENNVEST had \$73.3 million of general debt outstanding. Revenue bonds payable increased \$71.7 million from the previous year due to the issuing of new debt. The following is a summary of revenue bond activity for the 2014-2015 fiscal year.

Table 7 (Thousands)

Outstanding debt July 1, 2014	\$ 1,575
Less: Principal payments	(1,575)
Add:	
2015 Debt Issued	65,000
Net change in unamortized premium	8,257
Outstanding debt at June 30, 2015	<u>\$ 73,257</u>

See footnote 6 to the financial statements for detailed descriptions of the outstanding debt and the current year activity.

Future Programs under Development

Commercial Paper Programs

PENNVEST established a Commercial Paper program in 2010-2011 in our Commonwealth program. This mechanism allows PENNVEST to better manage our cash flows so that funds on hand with the Commonwealth Treasurer can be invested for a longer term and a higher rate than would otherwise be the case.

In the existing Commonwealth Commercial Paper program, a change in the Comptroller's Loan Accounting system in late winter 2012-13 allowed the Trustee to disburse funds directly to the borrower rather than transferring the CP proceeds to the state Treasury for disbursement.

July 1, 2015 PENNVEST paid off its outstanding Commercial Paper debt with the anticipation of replacing it with an EMCP (Extendable Maturity Commercial paper) program. Due to issues with the current Trustee, the agency will need to obtain a new Trustee for the state program encompassing the revenue bonds outstanding and the new EMCP and guarantee programs.

PENNVEST plans to expand its Extended Maturity Commercial Paper program to both the CWSRF and DWSRF programs during 2015-2016. A new Trustee will be needed for this program as well.

Nutrient Trading

PENNVEST continues to further develop the Nutrient Credit Trading Program during 2014-2015 as a clearing house for nitrogen and phosphorous credits and to also facilitate Bilateral Agreements between credit producers and municipalities wanting to purchase the credits outside of the auction process.

Loan Guarantee Program

During 2015-2016 PENNVEST continued developed a Loan Guarantee program to supplement it's loan program. This allows PENNVEST to provide further assistance to the borrowers when the cost of the project is more than PENNVEST can lend. The Loan Guarantee allows the borrowers to find private financing for the balance of a project with a reduced interest rate.

CONTACTING PENNVEST'S DIRECTOR OF FINANCIAL MANAGEMENT

This financial report is designed to provide bondholders, investors, creditors, and federal and state agencies with a general overview of PENNVEST's finances and to demonstrate PENNVEST's accountability as a governmental agency. If you have any questions about this report or need additional financial information, contact Beverly Reinhold, Deputy Executive Director, Financial Management, PENNVEST, Room 434 Forum Building, 607 South Drive, Harrisburg, PA 17120.

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED JUNE 30, 2015 AND 2014
(IN THOUSANDS)

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Organization

The Pennsylvania Infrastructure Investment Authority ("PENNVEST") is an instrumentality of the Commonwealth of Pennsylvania ("Commonwealth") created by Act 16 of the General Assembly in March of 1988 (the PENNVEST Act). The purpose of PENNVEST is to finance long-term, low-interest loans for corporations, partnerships, sole proprietorships, non-profit organizations, authorities, and municipalities for repair, construction, reconstruction, rehabilitation, extension, and improvement of drinking water, storm water, and wastewater systems. PENNVEST's On-Lot Program provides funding for the improvement of septic systems. PENNVEST is funded through revenue bonds, federal grants, Commonwealth appropriations, Commonwealth general obligation bonds, and the use of recycled loan repayments.

A governing body consisting of thirteen members, the chairman of which is a Governor appointee, administers the operations of PENNVEST. Other members include cabinet secretaries, legislators, and local government leaders, as well as representatives of the engineering community and the drinking water and wastewater industries.

PENNVEST, which is a component unit of the Commonwealth reporting entity, is presented as an Enterprise Fund on the accrual basis of accounting. Criteria considered in making this determination include the Commonwealth's appointment of PENNVEST's Board and the Commonwealth's ability to impose its will on PENNVEST.

B. Measurement Focus and Basis of Accounting

PENNVEST's activities are accounted for on a cost of services or "capital maintenance" approach under the economic resources measurement focus. This means that all assets and all liabilities (whether current or noncurrent) associated with its activities are included on its statement of net position. The operating statements present increases (revenues) and decreases (expenses) in total net position.

PENNVEST utilizes the accrual basis of accounting wherein revenues are recognized in the period earned and expenses are recognized when they are incurred.

Operating revenues and expenses consist of those revenues and expenses that result from the ongoing principal operations of PENNVEST. Operating revenues consist primarily of interest on loans receivable, and federal and state grants given to program participants as grants or "principal forgiveness". Non-operating revenues and expenses consist of those revenues and expenses that are related to financing and investing types of activities and result from non-exchange transactions, such as investment income/loss.

When an expense is incurred for purposes for which there are both restricted and unrestricted resources available, it is PENNVEST's policy to apply those expenses to restricted resources to the extent that they are available and then to unrestricted resources.

PENNSYLVANIA INFRASTRUCTURE INVESTMENT AUTHORITY
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
YEARS ENDED JUNE 30, 2015 AND 2014
(IN THOUSANDS)

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Basis of Accounting (Continued)

The accounting and reporting policies of PENNVEST conform to the accounting rules prescribed by the Governmental Accounting Standards Board ("GASB").

C. Cash and Cash Equivalents

For purposes of the statement of cash flows, PENNVEST considers all highly liquid investments with an initial maturity of three months or less at the time of purchase to be cash equivalents.

D. Investments

Investments are stated at fair value based on quoted market values.

E. Capital Contributions

Capital contributions represent contributions from the Commonwealth of Pennsylvania and the federal government for the loan programs.

F. Allowance for Loan Losses

The allowance for loan losses is used to report possible future losses on loans outstanding. Loan losses and recoveries of previously charged-off loans are charged or credited directly to the allowance for loan losses. The provision for loan losses, which is charged to current operations, reflects the amount, which in management's judgment establishes an adequate allowance to report possible losses on loans. Management's judgment is based upon a continuing review of the loan portfolio, past collection experience, and current economic conditions. While management uses available information to recognize losses on loans, future adjustments to the allowance may be necessary based on changes in economic conditions.

G. Interest Income

Interest income on investment securities is recorded when earned. Interest income on loans is accrued based on methods that result in a constant yield when related to the principal amounts outstanding.

H. Restricted Net Position

Restricted net position represents net position that is restricted for revolving loans in the Federal Revolving Clean Water and Drinking Water Programs.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
YEARS ENDED JUNE 30, 2015 AND 2014
(IN THOUSANDS)

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

I. Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

J. Deferred Outflows of Resources

The Statements of Net Position report a separate section for deferred outflows resources. This separate financial statement elements represent consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense) until then. The PENNVEST has one item that qualifies for reporting in this category: deferred outflows related to pensions.

K. Adoption of Governmental Accounting Standards Board Statements

PENNVEST adopted the provisions of GASB Statement No. 68, "*Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27*". It was not practical to determine the fiscal year 2015 beginning balance amounts of all deferred inflows of resources and all deferred outflows of resources related to pensions, except for contributions made subsequent to the measurement date. PENNVEST recorded the cumulative effect of applying this statement as a restatement of beginning net position as July 1, 2014 (the beginning of the current financial statement period). Net position as of July 1, 2014 was decreased by \$4,250, as a result of the adoption of this GASB Statement. Detailed information on the restatement can be found in Note 12.

PENNVEST adopted the provisions of GASB Statement No. 69, "*Government Combinations and Disposals of Government Operations*". The adoption of this statement had no effect on previously reported amounts.

PENNVEST adopted the provisions of GASB Statement No. 71, "*Pension Transition for Contributions Made Subsequent to the Measurement Date—an amendment of GASB Statement No. 68*". The adoption of this statement had no effect on previously reported amounts.

L. Pending Changes in Accounting Principles

In February 2015 the GASB issued a Statement No. 72, "*Fair Value Measurement and Application*". PENNVEST is required to adopt statement No. 72 for its fiscal year 2016 financial statements.

In June 2015 the GASB issued a Statement No. 73, "*Accounting and Financial Reporting for Pensions and Related Assets that are not Within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68*". PENNVEST is required to adopt statement No. 73 for its fiscal year 2017 financial statements.

In June 2015 the GASB issued a Statement No. 74, "*Financial Reporting for Postemployment Benefit Plans Other than Pension Plans*". PENNVEST is required to adopt statement No. 74 for its fiscal year 2017 financial statements.

PENNSYLVANIA INFRASTRUCTURE INVESTMENT AUTHORITY
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
YEARS ENDED JUNE 30, 2015 AND 2014
(IN THOUSANDS)

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

L. Pending Changes in Accounting Principles (Continued)

In June 2015 the GASB issued a Statement No. 75, "*Accounting and Financial Reporting for Postemployment Benefits Other than Pensions*". PENNVEST is required to adopt statement No. 75 for its fiscal year 2018 financial statements.

In June 2015 the GASB issued a Statement No. 76, "*The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments*". PENNVEST is required to adopt statement No. 76 for its fiscal year 2016 financial statements.

In August 2015 the GASB issued a Statement No. 77, "*Tax Amendment Disclosures*". PENNVEST is required to adopt statement No. 77 for its fiscal year 2017 financial statements.

PENNVEST has not completed the various analyses required to estimate the financial statement impact of these new pronouncements.

NOTE 2: DEPOSIT AND INVESTMENT RISK

The trust indenture and the Commonwealth of Pennsylvania (the Commonwealth) fiscal code, as amended, authorizes PENNVEST to invest in obligations of the U.S. government and government-sponsored agencies and instrumentalities; certificates of deposits, fully insured or collateralized; certain commercial paper and repurchase agreements; highly rated bank promissory notes or investment funds or trusts; and "prudent man" investments as determined by PENNVEST's depository (i.e. Commonwealth Treasury Department).

The majority of PENNVEST's investments are invested in the Common Investment Pool of the Commonwealth which is managed by the Commonwealth's Treasury Department (the Treasury Department).

The deposit and investment policies of the Treasury Department are governed by Sections: 301, 301.1 and 505 of the Pennsylvania Fiscal Code (Act of 1929 P.L. 343), and Section 321.1 of the Pennsylvania Administrative Code (Act of 1929 P.L. 177. No. 175).

Treasury deposits must be held in insured depositories approved by the Board of Finance and Revenue and must be fully collateralized. The Fiscal Code grants the Treasury Department the authority to invest in any deposits and investments. This authority is subject, however, to the exercise of that degree of judgment and care under the circumstances then prevailing which persons of prudence, discretion and intelligence who are familiar with such matters exercise in the management of their own affairs not in regard to speculation but in regard to the permanent disposition of the funds considering the probable income to be derived therefrom as well as the probable safety of their capital. Treasury Department deposits and investments may include equity securities and mutual funds.

As of June 30, 2015, the Treasury Department manages the Commonwealth Investment Program (CIP). Treasury is required to exercise careful judgment in determining those investments that are appropriate for each Commonwealth fund based upon distinct investment criteria such as income needs, cash flow requirements, investment time horizons, and risk tolerance. All investments are made in accordance with the statutory authority described in the preceding paragraph. The CIP investment pool structure invests in both equity securities and fixed income securities to achieve the investment objectives of the funds of the Commonwealth Investment Program. Asset allocation targets among cash, equity securities, fixed income securities and alternative are established in order to meet these overall objectives.

PENNSYLVANIA INFRASTRUCTURE INVESTMENT AUTHORITY
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
YEARS ENDED JUNE 30, 2015 AND 2014
(IN THOUSANDS)

NOTE 2: DEPOSIT AND INVESTMENT RISK (CONTINUED)

Treasury has created two separate Pools within the Commonwealth Investment Program, each with its own distinct investment strategies, goals, and holdings that reflect the differing needs of Commonwealth funds for income, cash flows, and investment risk tolerance. A highly liquid vehicle, Pool 99, consists of short-term fixed income and cash and provides a high degree of liquidity and security but only modest returns. A less liquid vehicle, Pool 198, allows for investment in assets that offer potentially higher returns with commensurate risk.

As of June 30, 2015 and 2014, PENNVEST's investments, excluding securities lending balances (see below) held in the Commonwealth Investment Pool were \$1,101,622 and \$1,024,374 respectively.

As of June 30, 2015 and 2014, PENNVEST also had bank balances of cash and cash equivalents in the amount of \$119,028 and \$41,006 held by Bank of New York. These balances were uninsured and collateralized with securities held by the pledging financial institution's trust department or agent but not in the Authority's name.

Securities Lending Program

The Treasury Department provides a securities lending program in which the various investments under custody of the Treasury Department participate. A contract between the Treasury Department and its custodian, acting as a lending agent, provides that the custodian lends securities owned by the participants to independent brokers, dealers and banks, acting as borrowers in exchange for collateral.

Lending agreements between the custodian and the borrowers require that the custodian receive collateral from the borrowers in exchange for the securities lent. Securities lent consist of both domestic and foreign equity securities and U.S. Treasury and foreign debt obligations. For securities lent which are not denominated in United States dollars or whose primary trading market is located outside the United States, the fair value of the collateral received must be at least 105 percent of the fair value of the securities lent. For all other securities lent, the fair value of the collateral received must be at least 102 percent. Practically all collateral received consists of cash. A small portion of collateral received consists of letters of credit, United States Treasury, corporate and/or foreign debt obligations.

Collateral is marked to market daily. Additional collateral from borrowers is required if the fair value of the collateral received declines below lending agreement requirements. The lending agent cannot pledge or sell collateral securities received unless the borrower defaults. Accordingly, neither collateral securities received from borrowers nor the related obligations to borrowers are reported.

To the extent collateral received consists of cash, the lending agent may use or invest the cash in accordance with reinvestment guidelines approved by the Treasury Department. Either the participant or the borrower may terminate lending agreements on demand. Lending agreements are typically of very short duration – usually overnight. Therefore, the duration of lending agreements do not generally match the maturities of the investments made with cash collateral. The resulting rate risk is mitigated by the lending agent's ability to reallocate lending agreements among program participants.

The program requires that the lending agent indemnify the Treasury Department for all claims, liabilities and costs resulting from the lending agent's negligence or intentional misconduct. During the fiscal year ended June 30, 2015, there were no failures by any borrower to return securities lent or pay distributions thereon. Also, there were no losses resulting from a lending agent or borrower default and there were no Treasury Department restrictions on the amounts of the loans that could be made.

PENNSYLVANIA INFRASTRUCTURE INVESTMENT AUTHORITY
 NOTES TO FINANCIAL STATEMENTS (CONTINUED)
 YEARS ENDED JUNE 30, 2015 AND 2014
 (IN THOUSANDS)

NOTE 2: DEPOSIT AND INVESTMENT RISK (CONTINUED)

As of June 30, 2015 there was no Treasury Department or participant credit risk to the borrowers because the fair value of collateral received was not less than the fair value of the securities lent. As of June 30, 2015 and 2014, PENNVEST's portion of securities lending collateral within the Commonwealth Investment Pool was \$16,755 and \$22,904, respectively.

NOTE 3: LOANS RECEIVABLE

PENNVEST has loans outstanding throughout the Commonwealth. The nine largest loans amount to 10%, and 11%, respectively, of gross loans receivable at June 30, 2015 and 2014. The majority of loans are disbursed to municipal governments of the Commonwealth and are collateralized by a pledge of the general taxing powers of the municipal governments or the revenue stream generated by the municipal governments.

PENNVEST currently provides loans for projects which are expected to lead to an effective solution to problems experienced with the drinking water, wastewater treatment, or storm water systems. The term of loans is normally between 20 and 30 years. The minimum interest rate on a loan is 1%. Detailed guidelines are established in the PENNVEST Act for the maximum interest rate. The actual interest rates ranged from 1.000% to 4.186%, and 1.000% to 4.186% at June 30, 2015 and 2014, respectively.

At June 30, 2015 and 2014, PENNVEST had approved approximately \$549 and \$597 million, respectively, of loans that had not yet been disbursed. The monies needed to fund these loans will be generated from contributions by the federal government or the Commonwealth of Pennsylvania, revenue bonds, and principal repayments on existing loans.

Loans receivable at June 30 is as follows:

	<u>2015</u>	<u>2014</u>
Loans receivable, gross	<u>\$ 2,571,937</u>	<u>\$ 2,501,858</u>
Displayed as:

PENNSYLVANIA INFRASTRUCTURE INVESTMENT AUTHORITY
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
YEARS ENDED JUNE 30, 2015 AND 2014
(IN THOUSANDS)

NOTE 5: SHORT-TERM OBLIGATIONS

In December 2010, PENNVEST issued the first series of short term obligations, to finance the issuance of loans to program participants. In October 2011 the first amendment was issued. These obligations are issued in the form of bonds, and bear interest, which is due upon maturity. During the fiscal year ended June 30, 2015 and 2014 PENNVEST issued thirty six and twenty two of these bonds in the aggregate principal amount of \$583,000 and \$205,800 and repaid thirty two and eighteen of these bonds in the aggregate principal amount of \$560,000 and \$164,800, respectively. Interest rates on these bonds ranged from .12% to .03% with no maturity being greater than 120 days. As of June 30, 2015 and 2014 \$74,000 and \$51,000 respectively, of these bonds remained outstanding.

In conjunction with the issuance of the aforementioned short-term obligations, PENNVEST entered into a Letter of Credit with the Bank of America, N.A. to provide a source of funds for payment of principal and interest on the short-term obligations. The maximum stated amount of the letter of credit at June 30, 2015 and 2014 was \$165,000 and \$165,000, respectively. During the year ended June 30, 2015 and 2014 PENNVEST drew \$560,000 and \$164,800 and made repayments of \$560,000 and \$164,800, respectively, on the Letter of Credit. At June 30, 2015 and 2014 there was no outstanding balance on the Letter of Credit.

PENNVEST issued Revenue Bonds Series 2015A on June 30, 2015. The proceeds will be used to payoff the outstanding balance (\$74,000) of the short-term obligations described above.

NOTE 6: REVENUE BONDS PAYABLE

Changes in revenue bonds payable for the fiscal years ended June 30, 2015 and 2014 are as follows:

Series	Beginning Balance at July 1, 2014	Additions	Reductions	Ending Balance at June 30, 2015	Amounts Due within One Year

NOTE 6: BONDS PAYABLE (CONTINUED)

Under the terms of the debt issues described above, PENNVEST is required to maintain certain balances in restricted trust accounts, make timely payments to the trustee accounts, and pledge loans that provide cash flow necessary to service the debt.

In December 2005, PENNVEST issued Revenue Refunding Bonds Series 2005A in the amount of \$37,315. The proceeds of the bonds were used to advance refund the outstanding Series 1993 Revenue Bonds and Series 1994 Revenue Bonds, to fund a debt service reserve fund for the Revenue Refunding Bonds Series 2005A, and for the payment of costs incurred by PENNVEST to issue the bonds.

The advance refunding resulted in the recognition of an accounting loss of \$1,918 for the year ended June 30, 2006. PENNVEST in effect reduced its aggregate debt service payments by \$3,298 over the subsequent 10 year period and obtained an economic gain (difference between the present values of the old and new debt service payments) of \$1,795.

In December 2005, PENNVEST defeased the Series of 1993 and Series of 1994 Revenue Bonds by placing proceeds of the Series of 2005A Revenue Bonds into an irrevocable trust to provide for all future debt service payments on the old bonds. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the financial statements. At June 30, 2015 and 2014 the amount of defeased debt outstanding was \$- and \$2,630, respectively.

In June 2015, PENNVEST issued Revenue Bonds Series 2015A in the amount of \$65,000. The Bonds were issued at a premium of \$8,257. The proceeds of the bonds will be used to pay at maturity on July 1, 2015 the aggregate principal amount of PENNVEST's Tax-Exempt Commercial Paper Revenue Notes, Series 2010A, plus accrued interest, and pay the costs of issuing the 2015 Bonds.

NOTE 7: DUE TO THE COMMONWEALTH OF PENNSYLVANIA

In April 2013, a Commonwealth of Pennsylvania bond issue was closed in which \$90,000 of bonds was issued for PENNVEST loans under the 1992 Referendums. Net proceeds from the bonds were \$102,677, including a premium of \$12,677. The net proceeds received by PENNVEST will be repaid quarterly on January 1, April 1, July 1, and October 1, to the Commonwealth over a 20 year term and a 1% interest rate.

In October 2011, a Commonwealth of Pennsylvania bond issue was closed in which \$46,000 of bonds was issued for PENNVEST loans under the 1992 Referendums. Net proceeds from the bonds were \$51,826, including a premium of \$5,826. The net proceeds received by PENNVEST will be repaid quarterly on February 1, May 1, August 1, and November 1 to the Commonwealth over a 20 year term and a 1% interest rate.

In June 2007, a Commonwealth of Pennsylvania bond issue was closed in which \$15,000 of bonds was issued for PENNVEST loans under the 1992 Referendums. Net proceeds from the bonds were \$14,764, including a discount of \$196 and underwriters insurance costs of \$40. The net proceeds received by PENNVEST will be repaid semi-annually on May 1 and November 1 to the Commonwealth over a 20 year term and a 1% interest rate.

In December 2006, a Commonwealth of Pennsylvania bond issue was closed in which \$50,000 of bonds was issued for PENNVEST loans under the 1992 Referendums. Net proceeds from the bonds were \$52,877, including a premium of \$2,937 and underwriters insurance costs of \$60. The net proceeds received by PENNVEST will be repaid quarterly on February 1, May 1, August 1 and November 1 to the Commonwealth over a 20 year term and a 1% interest rate.

NOTE 7: DUE TO THE COMMONWEALTH OF PENNSYLVANIA (CONTINUED)

In December 2005, a Commonwealth of Pennsylvania bond issue was closed in which \$50,000 of bonds was issued for PENNVEST loans under the 1988 and 1992 Referendums. Net proceeds from the bonds were \$53,334, including a premium of \$3,413 and underwriters insurance costs of \$79. Of the net proceeds received by PENNVEST, \$24,727 was a contribution of capital that does not have to be repaid and \$28,607 must be repaid quarterly on February 1, May 1, August 1 and November 1 to the Commonwealth over a 20 year term and a 1% interest rate.

A summary of the required payments at June 30, 2015 are as follows:

Fiscal Year Ending	Principal	Interest	Total
2016	\$ 14,120	\$ 1,967	\$ 16,087
2017	12,006	1,847	13,853
2018	12,126	1,727	13,853
2019	12,248	1,605	13,853
2020	12,371	1,482	13,853
2021-2025	63,741	5,523	69,264
2026-2030	51,597	2,466	54,063
2031-2034	25,141	431	25,572
	<u>\$ 203,350</u>	<u>\$ 17,048</u>	<u>\$ 220,398</u>

NOTE 8: CAPITAL CONTRIBUTIONS

The Commonwealth of Pennsylvania has authorized the issuance of \$1.43 billion of general obligation bonds and appropriated the proceeds to PENNVEST for the improvement of water and sewer systems in the Commonwealth. Proceeds include \$230,256 approved by the electorate in 1981, \$300,000 approved by the electorate in 1988, \$350,000 approved by the electorate in 1992, \$150,000 under the provisions of PL343 No. 176 as authorized by the PENNVEST Act of 1988, and \$400,000 approved by the electorate in 2008. PENNVEST is authorized to utilize the proceeds for loans to borrowers. All but \$300,000 of the proceeds is considered to be revolving, as such, the principal and interest received on the loans are not required to be repaid to the Commonwealth. The balance of the proceeds, also used for loans to borrowers, ultimately received from the bond issues will require repayment as described in Note 7.

The Commonwealth has cumulatively issued \$1,040,000 in general obligation bonds as of June 30, 2015 and has used the proceeds of the issuances to contribute funds to PENNVEST. PENNVEST is not required to repay the funds to the Commonwealth. The proceeds received from borrowers as repayment on the loans can be utilized by PENNVEST to make new loans.

NOTE 8: CAPITAL CONTRIBUTIONS (CONTINUED)

PENNVEST has also received approval for \$1,371,380 and \$515,665 in Federal loan funds for water pollution control and drinking water, respectively, at June 30, 2015. Of the \$1,371,380 and \$515,665 approved, \$1,371,380 and \$510,886, respectively, have been received as of June 30, 2015. For the period July 1, 2015 through June 30, 2016, \$55,539 and \$32,038 of Federal funds were received for water pollution control and drinking water, respectively. The State match for these programs for the period July 1, 2014 through June 30, 2015, was \$11,108 and \$5,656, respectively. These funds have or will be utilized to make loans and the proceeds from repayments can be utilized to make new loans in the future.

The required State match for the disbursed Federal loan funds for water pollution control and drinking water at June 30, 2015, was \$274,276 and \$102,177, respectively. As of June 30, 2015, \$278,097 and \$107,049 was the cumulative State match on disbursed loans for water pollution control and drinking water, respectively. All state match must be funded by the end of the award period.

In addition to the federal loan funds described above PENNVEST has also received approval for \$176,913 and \$44,006 of ARRA federal funding for the water pollution and drinking water, respectively, at June 30, 2015. Of the \$176,913 and \$44,006 approved, \$176,913 and \$44,006, respectively, have been received as of June 30, 2015. Of these amounts cumulatively received \$19,532 and \$13,827 will be utilized to make loans for the water pollution and drinking water programs, respectively, and the proceeds from repayments can be utilized to make new loans in the future. The remaining balance of ARRA federal funding received cumulatively of \$157,381 and \$30,179 for the water pollution and drinking water programs, respectively, were given to participants in the loan programs as "principal forgiveness" and are reported as operating revenues/expenses.

PENNVEST has been authorized by the PENNVEST Act to make grants to participants in the loan programs, if deemed necessary, to financially assist the community. As of June 30, 2015, PENNVEST has authorized grant commitments of \$127,247 remaining.

Current year capital contributions were \$78,771. State and federal funded grants and principle forgiveness to program participants of \$47,246 are reported as operating expenses.

NOTE 9: RELATED PARTY TRANSACTIONS

PENNVEST contracts for services necessary to carry out its operations from various Commonwealth of Pennsylvania departments and agencies. PENNVEST paid the following departments and agencies for accounting services and loan project technical assistance during the fiscal year ended June 30:

	<u>2015</u>	<u>2014</u>
Office of Comptroller Operations	\$ 220	\$ 214
Department of Environmental Protection	1,225	1,349

NOTE 10: LITIGATION

PENNVEST is involved in various claims and legal actions arising in the ordinary course of business. In the opinion of management, the ultimate disposition of these matters will not have a material adverse effect on PENNVEST's financial position.

NOTE 11: RETIREMENT BENEFITS

General Information about the Pension Plan

Plan Description

Substantially all employees of PENNVEST participate in the Pennsylvania State Employees' Retirement System (SERS), a cost-sharing multiple-employer defined benefit pension plan established by the Commonwealth to provide pension benefits for employees of state government and certain independent agencies. Membership in SERS is mandatory for most PENNVEST (and other state) employees. Article II of the Commonwealth's constitution assigns the authority to establish and amend the benefit provision of the plan to the General Assembly. SERS issues a publicly available financial report that can be obtained at www.sers.pa.gov.

Benefits Provided

SERS provides retirement, death, and disability benefits. Member retirement benefits are determined by taking years of credited service, multiplied by final average salary, multiplied by 2%, multiplied by class of service multiplier. PENNVEST employees participate in one of the following class of service categories: Class A, Class AA, Class A-3 or Class A-4. According to the State Employees' Retirement Code (SERC), all obligations of SERS will be assumed by the Commonwealth should SERS terminate.

Contributions

Section 5507 of the SERC (71 Pa. C.S. §5507) requires the Commonwealth and other employers whose employees are SERS members to make contributions to the fund on behalf of all active members and annuitants necessary to fund the liabilities and provide the annuity reserves required to pay benefits. SERS funding policy, as set by the board, provides for periodic active member contributions at statutory rates. The SERS funding policy also provides for periodic employer contributions at actuarially determined rates based on SERS funding valuation, expressed as a percentage of annual retirement covered payroll, such that they, along with employee contributions and an actuarially determined rate of investment return, are adequate to accumulate assets to pay benefits when due. However, Act 2010-120 imposes rate increase collars (limits on annual rate increases) on employer contributions. The collar for Commonwealth fiscal year 13/14 was 4.5% and will remain at that rate until no longer needed.

Contributions to the pension plan from PENNVEST were \$448 for the fiscal year ended June 30, 2015.

NOTE 11: RETIREMENT BENEFITS (CONTINUED)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources Related to Pensions

At June 30, 2015, PENNVEST reported a liability of \$5,163 for its proportionate share of the net pension liability. The net pension liability was measured as of December 31, 2014, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. PENNVEST's proportion of the net pension liability was based on a projection of the PENNVEST's long-term share of contributions to the pension plan relative to the projected contributions of all participating agencies, actuarially determined. At December 31, 2014, PENNVEST's proportion was .035%, which was an increase of .002% from its proportion measured as of December 31, 2013.

For the fiscal year ended June 30, 2015, PENNVEST recognized pension expense of \$671. At June 30, 2015, PENNVEST reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources
	<i>(in Thousands)</i>
Differences between expected and actual experience	\$ 28
Net difference between projected and actual investment earnings on pension plan investments	149
Changes in proportion	258
PENNVEST contributions subsequent to measurement date	196
	\$ 631

The \$196 reported as deferred outflows of resources related to pension resulting from PENNVEST contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2016. Other amounts reported as deferred outflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:	<i>(in Thousands)</i>
2016	\$ 100
2017	100
2018	99
2019	99
2020	37

PENNSYLVANIA INFRASTRUCTURE INVESTMENT AUTHORITY
 NOTES TO FINANCIAL STATEMENTS (CONTINUED)
 YEARS ENDED JUNE 30, 2015 AND 2014

NOTE 11: RETIREMENT BENEFITS (CONTINUED)

Actuarial assumptions

The following methods and assumptions were used in the December 31, 2014 and 2013 actuarial valuations. These methods and assumptions were applied to all periods included in the measurement:

Investment rate of return	7.50% net of expenses including inflation
Projected salary increases	average of 6.10% with range of 4.3% - 11.05% including inflation
Inflation	2.75%
Mortality rate	projected RP-2000 Mortality Tables adjusted for actual plan experience and future improvement
Cost of living adjustments (COLA)	ad hoc and are not considered to be substantively automatic

Some of the methods and assumptions mentioned above are based on the 17th *Investigation of Actuarial Experience*, which was published in January 2011, and analyzed experience from 2006 through 2010. The Commonwealth's actuary made recommendations with respect to the actuarial assumptions and methods based on their analysis.

The long-term expected real rate of return on pension plan investments is determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of December 31, 2014 are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-term Expected Rate of Return</u>
Alternative Investments	15.00%	8.50%
Global Public Equity	40.00%	5.40%
Real Assets	17.00%	4.95%
Diversifying Assets	10.00%	5.00%
Fixed Income	15.00%	1.50%
Liquidity Reserve	3.00%	0.00%
Total	<u>100.00%</u>	

Discount Rate

The discount rate used to measure the total pension liability was 7.50%. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the rates applicable for each member and that employer contributions will be made based on rates determined by the actuary. Based on the assumptions, SERS fiduciary net position was projected to be available to make all projected future benefit payments of current active and non-active SERS members. Therefore, the long-term expected rate of return on SERS investments was applied to all periods of projected benefit payments to determine the total pension liability.

 (IN THOUSANDS)

NOTE 11: RETIREMENT BENEFITS (CONTINUED)

Sensitivity of PENNVEST's proportionate share of the net pension liability to change in the discount rate

The following schedule presents PENNVEST's proportionate share of the 2014 and 2013 net pension liability calculated using the discount rate of 7.50%. It also shows what PENNVEST's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate:

	1% Decrease 6.50%	Current discount rate 7.50%	1% Increase 8.50%
	<i>(in Thousands)</i>		
PENNVEST's share of the net pension liability as of the 12/31/14 measurement date	\$ 6,608	\$ 5,163	\$ 3,920
PENNVEST's share of the net pension liability as of the 12/31/13 measurement date	5,754	4,433	3,298

Beginning net position for fiscal year 2015 was restated as discussed in Note 12.

Pension plan fiduciary net position

Detailed information about the pension plan's fiduciary net position is available in the separately issued SERS financial report.

NOTE 12: RESTATEMENT

PENNVEST recorded the cumulative effect of applying the provisions of GASB Statement No. 68 as a restatement of beginning net position as of July 1, 2014 (the beginning of the current financial statement period), as it was not practical to restate fiscal year 2014. Net position as of July 1, 2014 was decreased by \$4,250. The effect on beginning balances for fiscal year 2015 is as follows:

Description	June 30, 2014 as Previously Reported	Restatement	July 1, 2014 as Restated
Deferred outflows of resources from pensions	\$ -	\$ 183	\$ 183
Net Pension Liability (GASB 68)	-	(4,433)	(4,433)
Net position	3,287,029	(4,250)	3,282,779

PENNSYLVANIA INFRASTRUCTURE INVESTMENT AUTHORITY
NOTES TO FUND SCHEDULES
YEARS ENDED JUNE 30, 2015 AND 2014
(IN THOUSANDS)

NOTE 1: GENERAL

The accompanying schedules present the activity for two of the five funds maintained by PENNVEST: the Federal Clean Water State Revolving Loan Fund which accounts for the financial activity resulting from capitalization grants received from the federal government under the State Revolving Loan Funds Program; and the Federal Drinking Water State Revolving Loan Fund which accounts for the financial activity resulting from grants received from the federal government under the State Revolving Loan Fund Program. The activity resulting from the Commonwealth of Pennsylvania capital contributed to PENNVEST, and the 2010 and 1990 trust funds have not been presented in the schedules except for the transactions with these two funds. The schedules have been presented to comply with contractual arrangements with the funding sources.

NOTE 2: BASIS OF ACCOUNTING

The accompanying schedules are presented using the accrual basis of accounting, which is described in Note 1 of PENNVEST's financial statements.

NOTE 3: TRANSFER OF LOANS BETWEEN FUNDS

When PENNVEST transfers a loan receivable between the funds identified above, the loan transfer is recorded in contributed capital and the provision for credit losses related to the transferred loans is reflected as an adjustment to net position.

NOTE 4: ALLOWANCE FOR LOAN LOSSES

The allowance for loan losses was \$34,835 and \$4,727 for the Federal Clean Water State Revolving Loan Fund, and the Federal Drinking Water State Loan Fund, respectively at June 30, 2015 and \$30,792, and \$4,537, respectively at June 30, 2014.

NOTE 5: COMMITMENTS & CONTINGENT LIABILITIES

At June 30, 2015, PENNVEST had approved approximately \$300,568 and \$116,935, respectively, of Federal Clean Water and Federal Drinking Water loans that had not yet been disbursed. The monies needed to fund these loans will be generated from contributions by the federal government or the Commonwealth of Pennsylvania, revenue bonds, and principal repayments on existing loans.

Amounts received or receivable from grant agencies are subject to audit and adjustments by grantor agencies, principally the federal governments. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenses that may be disallowed by the grantor cannot be determined at this time, although PENNVEST expects such amounts, if any, to be immaterial.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Board of Directors
Pennsylvania Infrastructure Investment Authority

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Pennsylvania Infrastructure Investment Authority ("PENNVEST"), a component unit of the Commonwealth of Pennsylvania as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise PENNVEST's basic financial statements, and have issued our report thereon dated October 27, 2015.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered PENNVEST's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of PENNVEST's internal control. Accordingly, we do not express an opinion on the effectiveness of PENNVEST's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether PENNVEST's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Zelenkofske Axelrod LLC

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
