AMENDMENT TO SENATE BILL 481

MILK HAULERS ARE NOT EXEMPT FROM WEATHER-RELATED COMMERCIAL TRAVEL BANS

Senate Bill 481 has been amended. When introduced, the bill would have allowed milk haulers to transport milk on highways during weather-related commercial travel bans. The amendment removed those provisions from the bill.

AI-generated overviews and online articles notwithstanding, the Board will not be issuing decals to haulers since that has been removed from the legislation.
