Rebuttal Testimony of Alex Deimler, CPA

Area 5 – Cost Replacement Hearing

I am Alexandra Deimler, Consultant at Herbein + Company, Inc. and my address is 2763 Century Blvd., Reading, PA 19610. I am offering testimony on behalf of the Area 5 Milk Dealers. I attach my Curriculum Vitae, as Rebuttal Exhibit D1, which outlines my education, and experience in the dairy industry.

Study Conducted

On behalf of the Area 5 Milk Dealers, I have reviewed the audit files and proposed adjustments prepared by the Pennsylvania Milk Board audit staff and I have reviewed the financial information of each of the dealers in the cross-section and I am presenting my opinion and recommendation based on that review and my own cost build-up, except I must reserve my testimony and opinions on Staff Exhibits 3, 10 and 11. I have discussed with Board Staff adjustments we identified should be made to Staff Exhibits 3, and 10, which will roll into Exhibit 11, and it is my understanding that Staff intends to make those adjustments as part of their Surrebuttal filing which may render Surrebuttal testimony by me on these items unnecessary, nevertheless I must reserve my testimony with respect to these items.

I have reviewed the cross section compiled by Board Staff and I conclude that the cross section is representative of milk dealers serving Area 5 because the cross-section companies process, package and deliver to supermarkets, convenience stores, schools, institutions, and small retail outlets.

With the exceptions noted herein, I agree with the Staff's calculations presented in their initial pre-submission in Staff Exhibits 2 through 11.

Rate of Return

I recommend that the Board maintain the rate of return for the Area 5 dealers at 3.5%. The rate of return serves as an important factor in the ability of Pennsylvania's fluid milk processors to maintain and invest in their operations. Maintaining the current rate of return is also important for consistency and stability when the fresh fluid milk industry continues to face a difficult business environment.

Summary and Recommendation

The Area 5 Milk Dealers recommend that the Milk Marketing Board make the cost replacement adjustments that I have just outlined, subject to the areas I have reserved the right to follow up on. Thank you for your consideration of my analysis and opinions.
