### **Fiscal Year 2019 Summary Reports**

A Summary Report is a comprehensive report of salary and service earned and reported by the end of the fiscal year. Summary Reports allow you to check the accuracy of all salary and service information reported to PSERS for each member during the 2018-19 school year. It is the first step in generating member annual Statements of Account.

Your August 2019 Work Report must be uploaded and approved before your Summary Report can be generated for your review of the 2018-19 school year. Your August Work Report, therefore, must be uploaded by September 20, 2019, or earlier if possible. Delaying the posting of the August Work Report will delay your employees' receipt of their member Statement of Account.

PSERS will notify the district when the August Work Report has been received and posted. The district has 30 days from this notification to generate and review their Summary Report in the Employer Self-Service (ESS) Portal and make any necessary adjustments to correct employees' accounts. Once your review and/ or corrections have been successfully completed, you must notify your ESC representative so the process of creating the member Statement of Account for your district employees can begin.

If you cannot complete the review and/or corrections within 30 days, you must notify your ESC representative. If the review and/or corrections are not made within the 30-day period and you do not contact your ESC representative, inaccurate member Statements of Account may be generated and delivered to your employees.

In the past, PSERS has provided a copy of the Summary Report that highlights any potential salary and/or service issues. The Summary Report that districts will generate no longer has such feature. The district is responsible for identifying and correcting data. PSERS will, however, provide districts with a template to identify potential salary and/or service issues. You will copy and paste the information in your generated Summary Report into the template, so any issues can be highlighted. This template will be provided to each district upon the posting and release of the August Work Report.

### **Generating a Summary Report from ESS**

Generate and review your Summary Report frequently to ensure that salary, service, and contributions have been properly reported for all of your employees. If you see discrepancies between your payroll information and your PSERS reporting, investigate the differences and make changes as needed.

## **Employer Service Center Staff**

Michael Chappuis Regional Office Administrator michappuis@pa.gov

Region 1 - Michelle Doman midoman@pa.gov Beaver, Butler, Cameron, Centre, Clarion, Clearfield, Clinton, Crawford, Elk, Erie, Forest, Jefferson, Lawrence, McKean, Mercer, Potter, Venango, and Warren Counties

Region 2 - Mandy Schuchart mschuchart@pa.gov Bradford, Carbon, Columbia, Lackawanna, Lehigh, Luzerne, Lycoming, Monroe, Montour, Northampton, Northumberland, Pike, Snyder, Sullivan, Susquehanna, Tioga, Union, Wayne, and Wyoming Counties

### Region 3 - Vacant

Temporarily contacts: midoman@ pa.gov, lwadley@pa.gov, mschuchart@pa.gov, and rariddle@pa.gov

Allegheny, Armstrong, Fayette,
Greene, Indiana, Washington,
and Westmoreland Counties

#### Region 4 - Crystal Houser

Temporarily contacts: lwadley@ pa.gov, mschuchart@pa.gov, and rariddle@pa.gov

Adams, Bedford, Blair, Cambria
Cumberland, Dauphin, Franklin,
Fulton, Huntington, Juniata, Mifflin,
Perry, Somerset, and York Counties

#### Region 5 - Vacant

Temporarily contacts: michappuis@pa.gov and rariddle@ pa.gov Berks, Bucks, Lancaster, Lebanon, Montgomery, and Schuylkill Counties

#### Region 6 - Lynn Wadley

lwadley@pa.gov Chester, Delaware, and Philadelphia Counties

## **Uploading Demographic Records**

Because the Voya reporting files are due per pay cycle, timing for uploading member demographic information to PSERS matters now more than ever. To ensure prompt notification to Voya of a participant record, you must submit the member demographic information and the contract record to PSERS by the employee's start date. Without this information, PSERS cannot notify Voya of a new participant, which will result in Voya rejecting that employee from your Voya payroll file if you attempt to report that employee to Voya. All employees must be reported to PSERS.

Also, an email address is now required in the Employer Provided Email field when entering member demographic information for new hires. A personal email address is preferred. If the member does not have email, please contact your ESC representative.

PSERS will notify you if an employee elects a membership class that changes his or her DB and DC contribution rate. Upon notification, you must change the contribution rate in your payroll system so that the new rate will be effective in the next pay period after you are notified of the class change.

Unlike a work report, which may only be uploaded once a month, Demographic and Contract files may be uploaded as soon as the information is available. If you are a district that has many new hires throughout the month, uploading more than one file per month may be easier than adding new demographic and contract information manually.

## **Retirement-Covered Compensation**

The compensation received by a PSERS member, regardless of membership class, for school service has a significant impact to the member's retirement benefit because the member's pension is based on a fixed formula that includes the member's final average salary. Although a school board retains full discretion in negotiating the compensation package for its employees, such compensation package may include payments that do not qualify as Retirement-Covered Compensation (RCC) as defined in the Retirement Code, otherwise known as Non-Retirement-Covered Compensation (NRCC).

You must follow retirement-covered compensation rules regardless of your employee's membership class. This includes Class DC.

#### Why is this Important?

- 1. Compensation is a primary factor in determining member and employer contributions.
- 2. Compensation is a primary factor used in calculating a member's final average salary (FAS).
- 3. For new members hired after July 1, 2019, contributions for both the defined benefit and the defined contribution components are based on the same salary.
- 4. The Employer Contribution Rate (ECR) includes a blended defined contribution rate and is, therefore, the same per member (defined benefit)/ per participant (defined contribution), regardless of membership class, and the full ECR must be applied across total payroll.
- 5. The Commonwealth reimburses school employers based on the compensation reported to PSERS for all employees, regardless of membership class, and the total ECR.
- 6. The Auditor General notifies PSERS of any findings issued against a school employer for reporting NRCC to PSERS.
- 7. The Retirement Code strictly defines "compensation" and identifies certain payments to be excluded. Compensation is all regular remuneration for school service rendered excluding:
  - Reimbursement for expenses incidental to employment
  - Bonuses
  - Longevity Payments, unless added to base salary for the following vear
  - Payments for Unused Leave, Unused Compensatory Time, and Optional Days
  - · Cash payments made in lieu of benefits, i.e. health care
  - Severance payments
  - Payments not based on the standard salary schedule
  - Payments or reimbursements for attending seminars and conventions
  - · Fringe benefits
  - Any payment made to enhance FAS

RCC is not determined by what an employer or an employment agreement identifies as compensation or the intent of the parties.

## **Introducing Your New ESC Representative**

PSERS is pleased to introduce Michelle Doman as the new **Employer Service Center** Representative for Region 1. Michelle was a Retirement Representative in PSERS Southeast Regional Office before joining ESC. She received Bachelor's in Elementary Education from West Chester University and taught for 4.5 years prior to joining PSERS. As the ESC Representative for Region 1 she looks forward to problem solving and providing education to employers. Michelle has two young sons and is an avid sports fan. She also enjoys trips to the beach, going to amusement parks, trying new cooking recipes, and baking.

Her advice for employers: Change can be scary and hard, but don't let that stop you from learning and growing. "You may not be able to control every situation and its outcome, but you can control your attitude and how you deal with it"- unknown

## **Introducing Your New ESC Representative**

PSERS is pleased to introduce Rachael Riddle as the new **Employer Service Center** Representative for Region 5. She has a Bachelor's in Business Administration from Elizabethtown College and was a caseworker with the Pennsylvania Department of Human Services for five years before joining PSERS. Rachael is a proud mother of three adult sons and a grandmother to six. In her spare time, she enjoys traveling the world—her most recent trip was to Rome! She also loves making memories with her friends and family. As the new ESC Representative for Region 5 she looks forward to building relationships with her school districts and learning together.

Her advice for employers: Try not to get overwhelmed with change.

## **Updating Mailing Addresses**

PSERS sends your employees time-sensitive information that may require them to take action. Please contact your employee for a correct address and update the employee's record when you receive a notice that an address may be invalid.

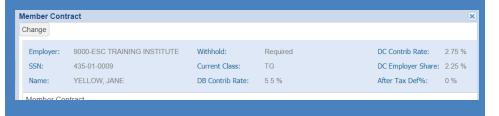

Your employees may also update their own addresses through PSERS Member Self-Service (MSS) Portal. Employees who register for the MSS Portal are automatically enrolled in Paperless Delivery. This means that those employees will receive their time-sensitive documents through the MSS Portal.

### **Act 5 Current Member Election Update**

PSERS will be sending active PSERS members a newsletter late August which will include information regarding the one-time option for current active members to elect into the new membership classes created by Act 5. Everything your employees will need to know regarding this option will be included within the August newsletter.

### **New to ESS!**

The contribution rate and qualification status are now displayed on the banner to help identify if withholding contributions is optional or required for part-time employees.

### Fraud, Waste, and Abuse Reporting

Fraud, waste or abuse (FWA) hurts PSERS, its members, retirees, beneficiaries, and ultimately the taxpayer. PSERS is proactive in combating FWA by providing various ways for those with information to report suspected FWA affecting PSERS. The following are helpful tips for reporting FWA.

### **How do I report FWA to PSERS?**

An FWA can be reported by filing a complaint form, which can be submitted:

- Electronically
- Mail to: Internal Audit Office, PSERS, 5 North 5th Street, Harrisburg, PA 17101-1905
- By calling (888) 222-0549 or Local phone number (717) 720-4602.

### What types of incidents should be reported?

An illustrative list of FWA acts that should be reported is presented below. This list is not comprehensive and is provided only as an example of the FWA acts that should be reported.

- Intentionally falsifying retirement information.
- · Falsely claiming a disability retirement.
- Continuing to receive retirement benefits of a deceased member.
- Any intentional deceptive practice designed to improperly inflate a member's pension benefit.
- · Contractual agreements or other agreements intended to inflate a member's salary prior to retirement.
- Mischaracterization of non-regular compensation as base salary.
- Salary giveback schemes intended to inflate earnings for pension calculation purposes.
- Intentional misreporting of service credit.
- Improper enrollment of consultants or independent contractors (e.g., school solicitor) as members for service credit purposes.
- · Earnings after retirement abuses.
- Improper school district approval of a prior service credit request.
- Intentionally taking any action that results in a benefit, advantage, or outcome to which the recipient is not
  entitled, such as circumventing established procedures or policy to meet targets resulting in increased incentive
  compensation, or intentionally misrepresenting performance data to another PSERS employee or agent, to the
  PSERS Board of Trustees, or externally.
- More information available at psers.pa.gov/Fraud-Reporting/Pages/default.aspx.

### What type of information should I report to help PSERS conduct a thorough investigation?

The following information would be helpful:

- Who was/is involved?
- What type of activity was/is taking place?
- When did the activity or incident take place? Is it still occurring?
- Where was/is the activity taking place?
- Why was/is the activity being done?
- How was/is the activity being carried out? (Please describe the activity in as much detail as you can provide.)
- Records, files or documentation supporting the allegation.
- How to contact you if we have additional questions.

### Can I file a report anonymously?

Yes. You may choose not to identify yourself when filing a complaint. If you submit an anonymous complaint, it may be more difficult to investigate and prove the allegations. If you choose to identify yourself, PSERS will make every attempt to maintain your confidentiality. In some cases, however, PSERS may be required to turn over information to the appropriate authorities, such as law enforcement.

### Who may report?

Anyone with knowledge of any wrongdoing concerning PSERS may file a report, including but not limited to, PSERS employees, Board members and their designees, members, relatives of members, teachers and other school employees, vendors, contractors, consultants, investment managers, and citizens.
