COMMITTEE REPORT **TEACHER AND SCHOOL LEADER EFFECTIVENESS COMMITTEE**

Ms. Sandra Dungee Glenn, Chair of the Teacher and School Leader Effectiveness Committee, reported that the Committee met earlier that day to discuss two informational items. First, Dr. Carissa Pokorny Golden, Director of the Bureau of School Leadership and Teacher Quality, presented the revised PDE-430 form that will be made available for use by the field in the fall. Dr. Pokorny Golden discussed feedback received from a pilot of the new PDE-430 and highlighted the refinements that were made to the form based on that input.

Ms. Dungee Glenn said the Committee also continued its review of the assessments required of candidates for certification. Dr. Pokorny Golden presented an analysis of assessment pass rates disaggregated by race and gender. She also presented an overview of how some states have incorporated portfolios into their teacher certification assessments and discussed new assessment products that are available from various testing vendors.

Ms. Dungee Glenn said the Committee will convene again in September for another informational session on certification assessment requirements and to begin developing a framework for recommendations that the Committee may consider issuing to the Secretary of Education.

REPORTS FROM DEPARTMENT OF EDUCATION LEADERSHIP

Dr. Carrie Rowe, Acting Secretary of Education, provided an update on activity at the federal level involving a delay in delivering federal funds that support critical education programs throughout Pennsylvania. Dr. Rowe also discussed various efforts being led by the Pennsylvania Department of Education (PDE) to attract, prepare, and retain educators in the Commonwealth. Ms. Lena announced that the external committees appointed by the Board to review the Arts and Humanities and the Health, Safety and Physical Education standards began meeting in person this morning. She thanked Dr. Lee Williams, Chair of the Council of Basic Education, for joining her to welcome the standards review committees earlier in the day. Ms. Lena also reported on key changes that PDE has made to offer more flexible and accessible professional development for school administrators, the upcoming Advancing Education Together Summit being hosted by PDE, and efforts that are underway to review new test items if the Keystone Exams and the Pennsylvania System of School Assessment.
